Notice of Annual General Meeting

1. INTRODUCTION AND SUMMARY

On 30 June 2017, the Company announced that it had successfully raised £180,000 (before expenses) by way of a placing of 18,000,000 Placing Shares at an Issue Price of 1 pence per Ordinary Share. The Issue Price is at a discount of 58 per cent. to the middle market closing price per Ordinary Share of 2.38 pence on 11 May 2017, being the business day prior to suspension of trading of the Ordinary Shares from AIM.

It was also announced that the Company proposed to raise up to £180,000 by way of an Open Offer to Qualifying Shareholders at the Issue Price (being the same price as the price paid by the placees under the Placing) to ensure that Qualifying Shareholders were also given an opportunity to subscribe for Ordinary Shares at this discounted price. Following this announcement, the Company has decided to increase the maximum number of Open Offer Shares in order to achieve a sensible ratio for the Open Offer

Entitlements. The Open Offer is therefore being made for up to 18,789,013 Open Offer Shares at the Issue Price to raise up to £187,890.13 (gross). The Issue Price represents a discount of approximately 58 per cent. to the middle market closing price per Ordinary Share of 2.38 pence on 11 May 2017 (being the business day prior to suspension of trading of the Ordinary Shares from AIM). Accordingly, subject to fulfilment of the conditions set out in this document, Qualifying Shareholders are being given the opportunity to subscribe for Open Offer Shares at the Issue Price on the basis of:

2 Open Offer Shares for every 13 Existing Ordinary Shares

Qualifying Shareholders are also being given the opportunity, provided that they take up their Open Offer Entitlement in full, to apply for additional Open Offer Shares through the Excess Application Facility.

The purpose of this document is to outline the reasons for, and to explain the terms of, the Open Offer and to explain the Resolutions to be proposed at the Annual General Meeting and why the Board considers the Open Offer to be in the best interests of the Company and of Shareholders as a whole. The Open Offer is not subject to the passing of the Resolutions to be proposed at the Annual General Meeting.

2. BACKGROUND TO, AND REASONS FOR THE OPEN OFFER

2016 was a tough year for the Company, in which it had to contend with both a difficult market for the E&P sector and also a difficult market for the services sector. Earlier in the year, the Directors had believed that the weakness of demand for key services, notably seismic acquisition, would at least make it easier and cheaper to execute and finance the Group's work programs, but as things grew worse the Group found that there were no longer vessels available in our geography between assignments, and contractors could no longer help finance activity, because there were so few assignments and several service companies were themselves facing great financial pressure.

Even so, the Group has reduced its costs and the Company is now working through a number of options for funding the Group's remaining license commitments, notably in Cameroon and the Thali Block.

During the last quarter of 2016 and the first quarter of 2017 the Company spoke with many parties about the Thali Block and in Q2 2017, the Company settled on a proposed transaction which would have funded the remaining work program and provided the Group with a significant recovery of back costs while retaining an on-going interest. Unfortunately the counter-party was then unable to continue with that transaction or to make the payment on account that the proposed transaction had envisaged, which led to the Company's announcement in May 2017. The Directors felt that this was a sufficiently major event and created sufficient uncertainty that trading in the Ordinary Shares should be suspended until the Company's position was clearer, which remains the position today.

The Group has a number of options going forward, some of which include:

- moving forward with a similar back-cost/royalty transaction to the one the Group was planning to do in May;
- agreeing a more conventional farm-out transaction; and
- adjusting the work program in consultation with SNH, and financing the adjusted work program ourselves.

While any of these options could fully address the Group's longer term funding needs, especially since its work commitments on the other Blocks are low and costs have been significantly reduced, the Company still required and requires a modest amount of additional working capital to extend its current cash reserves. Therefore, for the reasons further explained in the Company's 2016 Annual Report, the Company conducted the unusual process of preparing a Placing whilst trading in the Ordinary Shares remained suspended. The Directors continue to believe that there is significant value in the Company's assets, but the uncertainty regarding the Company's future position remains great. The Company is not disclosing the details of its commercial discussions publicly because the discussions themselves are confidential, and also it is not in Shareholders' interests for the Company to do so; but in any event, until

the Company makes a binding agreement with a third party or agrees to some other transaction, it is impossible to know whether a final conclusion will be reached that could result in a significant change in investor perceptions, whether positive or negative. Therefore, the Company anticipates that the Ordinary Shares will remain suspended from AIM until this uncertainty is substantially reduced, which is likely to be some time after completion of the Open Offer.

The Placing was made at a low price to reflect the current uncertainty in the Group's position and the Company is therefore now making an Open Offer equal in size to the Placing, to allow all Qualifying Shareholders who wish to do so to participate on the same terms as those Directors and Shareholders who have already participated in the Placing recognising the inherent risks that an investment in the Company at this time would entail.

The proceeds of the Placing and the Open Offer are expected to see the Group through the coming months given its much lower expenses: how far will depend on the uptake under the Open Offer and the discussions with SNH. However, the Company will also either need to complete a financing transaction regarding one of its assets or to raise additional finance at the corporate level within the next few months to see the Group past the current calendar year end.

You are also directed to the Company's 2016 Annual Report and the "*Group's Financial Position*" risk factor in Part 2 of this document which provides fuller explanation of the background to and reasons for the Open Offer and the Group's current financial position.

3. THE PLACING

As announced on 30 June 2017, the Company successfully placed 18,000,000 Placing Shares at the Issue Price, raising approximately £180,000 (gross).

Admission of the Placing Shares became effective at 8.00 a.m. on 5 July 2017.

4. THE OPEN OFFER

The Company announced on 30 June 2017 that it intended to raise up to £180,000 by way of an Open Offer. Following this announcement, the Company has decided to increase the maximum number of Open Offer Shares in order to achieve a sensible ratio for the Open Offer Entitlements. The Open Offer is therefore being made for up to 18,789,013 Open Offer Shares at the Issue Price to raise up to £187,890.13 (gross). **Only Qualifying Shareholders on the register as at the Record Date of 12 July 2017 may participate in the Open Offer.**

Subject to the fulfilment of the terms and conditions referred to in this document and, where relevant, set out in the Application Form, Qualifying Shareholders are being given the opportunity to apply for Open Offer Shares at a price of 1 pence per Open Offer Share (being the same price as the Issue Price for the Placing), free of expenses, payable in full in cash on application, on the basis of:

2 Open Offer Shares for every 13 Existing Ordinary Shares

registered in the name of each Qualifying Shareholder at the Record Date.

Qualifying Shareholders may apply for more or less Open Offer Shares than they are entitled to under the Open Offer and applications in excess of a Qualifying Shareholder's Open Offer Entitlement will be dealt with under the Excess Application Facility. The Company shall, in its absolute discretion, determine whether to meet any applications for Excess Shares under the Excess Application Facility and no assurance can be given that these applications will be met in full or in part or at all. To the extent that additional Open Offer Shares are not subscribed for by Qualifying Shareholders, Open Offer Entitlements will lapse. Further details of the Open Offer and the Excess Application Facility are given in Part 3 of this document.

Excess applications will be rejected if, and to the extent that, acceptance would result in the Qualifying Shareholder, together with persons acting in concert with him for the purpose of the Code (to the extent that the Company is aware of such concert parties), holding 30 per cent. or more of the Enlarged Share

Capital immediately following Admission.

Fractions of Open Offer Shares will not be allotted to Qualifying Shareholders in the Open Offer and, where necessary, entitlements under the Open Offer will be rounded down to the nearest whole number of Open Offer Shares. Any fractional entitlement to Open Offer Shares will be disregarded in calculating Open Offer Entitlements.

If you are a Qualifying Ordinary Shareholder you will have received an Application Form with this document and you should refer to paragraph 4(i) and paragraphs 5 to 11 of Part 3 of this document.

If you hold your Ordinary Shares in CREST and have received a credit of CREST Entitlements to your CREST stock account, please refer to paragraph 4(ii) and paragraphs 5 to 11 of Part 3 of this document and also to the CREST Manual for further information on the CREST procedures referred to below.

The Ordinary Shares have been suspended from trading on AIM since 12 May 2017. Application will be made for the Open Offer Shares to be admitted to trading on AIM. It is expected that Admission of the Open Offer Shares will become effective at 8.00 a.m. on 11 August 2017. The Open Offer is not conditional upon Restoration of Trading becoming effective.

Further information on the Open Offer and the terms and conditions on which it is made, including the procedure for application and payment, are set out in Part 3 of this document and where relevant, in the Application Form, which you should read in full. Qualifying Shareholders who subscribe for Open Offer Shares represent, warrant, covenant, agree and acknowledge that they have reviewed the representations, warranties, covenants, agreements and acknowledgements set out in Schedule 1 of this document and, in applying for Open Offer Shares, are deemed to have given such representations, warranties, covenants, agreements and acknowledgements.

For Qualifying Ordinary Shareholders, completed Application Forms, accompanied by full payment, should be returned by post or by hand (during normal business hours only) to Capita Asset Services, Corporate Actions, The Registry, 34 Beckenham Road, Beckenham, Kent, BR3 4TU so as to arrive as soon as possible and in any event so as to be received no later than 11.00 a.m. on 4 August 2017. For Qualifying CREST Holders, the relevant CREST instructions must have settled as explained in this document by no later than 11.00 a.m. on 4 August 2017.

The Open Offer is conditional on Admission of the Open Offer Shares becoming effective by not later than 8.00 a.m. on 11 August 2017 (or such later time and/or date as the Company may determine, not being later than 8.00 a.m. on 18 August 2017).

Accordingly, if such condition is not satisfied, or, if applicable, waived, the Open Offer will not proceed and any Entitlements admitted to CREST will thereafter be disabled.

The Open Offer is not conditional upon Restoration of Trading becoming effective.

5. DILUTION

The Open Offer will result, if fully subscribed, in the issue of 18,789,013 Open Offer Shares (representing approximately 13.3 per cent. of the Enlarged Share Capital of the Company). The Open Offer Shares, when issued and fully paid, will rank *pari passu* in all respects with the Existing Ordinary Shares and will rank for all dividends or other distributions declared, made or paid after the date of issue of the Open Offer Shares. No temporary documents of title will be issued.

Shareholders who do not elect to participate in the Open Offer will suffer a maximum dilution as set out in the table below:

<i>Amount Raised through Open Offer</i>	<i>Number of Open Offer Shares issued</i>	<i>Number of Existing Ordinary Shares</i>	<i>Dilution created by the Open Offer to</i>
		<i>(including the Placing Shares) as at the date of this Agreement</i>	<i>non-participating Shareholders (%)</i>
£187,890.13 ⁽¹⁾	18,789,013	122,128,588	13.3

(1) assuming full subscription under the Open Offer.

The participation of a Qualifying Shareholder for its Open Offer Entitlement and any Excess Shares will minimise dilution from the Placing but does not guarantee that its percentage shareholding will not be diluted from the position prior to the Placing and the Open Offer.

6. INFORMATION ON THE GROUP

The Company's strategy of shifting the Group's portfolio towards lower risk assets in proven and emerging basins is presently focused on the Thali Block which already has existing discoveries. The Thali Block is located in the shallow water Rio de Rey basin, a proven producing sub-basin of the petroliferous Niger Delta, offshore Cameroon. The Thali Block PSC covers an area of 119.2 km², with water depths ranging from 8 to 48 metres. The Rio del Rey basin has, to date, produced over one billion barrels of oil and has estimated remaining recoverable reserves of 1.2 billion barrels of oil equivalent, primarily within water depths of less than 50 metres.

Cameroon

The Group's entry into Cameroon commenced on 15 September 2015 after signing the Thali Block PSC with the Government of Cameroon. Tower Resources Cameroon has a 100 per cent. participating interest in the Thali Block which already has discoveries that are estimated to contain 15 million barrels of recoverable oil. Tower Resources Cameroon is currently in year two of the initial three year exploration period of the Thali Block PSC. The minimum financial commitment for the initial exploration period is US\$13 million. The Group is currently in discussions with SNH to adjust the work program for the initial exploration period. For further information please refer to paragraph 2 of Part 1 of this document and the Company's 2016 Annual Report.

With existing discoveries on the Thali Block, near-term shallow appraisal opportunities and deeper exploration potential, the Company believes that the Thali Block provides a cornerstone asset with low-risk, yet high potential that could offer four hydrocarbon play systems, including the proven one in which three discovery wells have already been drilled. The other play systems are all successfully commercialised within the Gulf of Guinea, and in analogous petroleum systems, such as the Gulf of Mexico. The next key step to unlocking the Thali Block's potential is the acquisition of modern 3D seismic to significantly improve subsurface imaging and resolution, as the existing seismic data is 25 years old. Once improved quality seismic data has been obtained the Company sees both the potential to add incremental oil reserves to existing discoveries to achieve commerciality, plus significant exploration prospectivity in the other plays, which are in shallow water and most with target depths no greater than 2,500 metres, in both structural and stratigraphic traps.

A small in-country office staffed with local professionals has been established in Douala and is currently preparing for an operational campaign to acquire a minimum of 100 km² of 3D seismic. To this end, Tower Resources Cameroon has completed the ESIA (Environmental and Social Impact Assessment) and successfully applied for and has recently been granted a Certificate of Environmental Conformity (CEC) by the Cameroon Ministry of Environment permitting the acquisition of seismic over the Thali Block. The

Group is engaging with seismic contractors and survey design modelling has been conducted to optimise acquisition parameters to ensure a high quality seismic volume is acquired for processing and interpretation.

Current depressed market conditions have brought a benefit in the form of lower costs and competitive financing terms in the seismic and drilling sector. The Company is continuing in its search for a farm-in partner on the Thali Block to help cover these costs and the timing of operations will reflect these factors.

South Africa

In September 2015, approval was received to enter into the first renewal period of the South African Exploration Right in which Rift Petroleum has a 50 per cent. participating interest. The first renewal period will run for two years until at least September 2017. At present, uncertainty about the new South African mining legislation and its impact on the oil exploration sector in South Africa has reduced industry activity to minor levels; it is hoped that this process will be brought to a conclusion in the next few months and provide greater certainty for investors.

The South African Exploration Right includes three basins, the Algoa, Gamtoos and deep water Outeniqua basins. Leads have been defined on 2D and 3D seismic data across the basins and the 2016 work programme has developed some positive exploration play types from the merged seismic volumes. The prospectivity evaluation is in progress and the Group's current expectation is that this will be completed before the end of 2017. The Company currently intends to seek a farm-in partner for the next programme of operational activity.

Zambia

Rift Petroleum Zambia is the operator of the Zambian Blocks with a 100 per cent. participating interest. The Zambian Blocks are located within the frontier mid-Zambesi basin, onshore Zambia, where virtually no oil & gas exploration activity has been conducted, no modern seismic exists over the Zambian Blocks and no wells have been drilled. Only two petroleum wells have been drilled in the entire country.

Despite the lack of prior exploration, the results of the fieldwork the Group conducted in 2014 and 2015 have indicated that all elements for a working petroleum system are present: the presence of source rock, reservoir and seal is now established. These geological studies have met all of the Group's commitments to date.

Future work commitments over the next two years potentially include airborne gravity/magnetic data acquisition and interpretation, and a 2D seismic programme. The Zambian Blocks can be relinquished at the end of each licence year if results are discouraging, so commitments are low and proportionate to prospectivity.

The Government of Zambia is currently working towards a new petroleum code which it is expected will further define the fiscal regime and give new entrants to the Zambian oil & gas sector greater clarity with respect to the investments they make in the country. The Group will engage with the appropriate government ministries once a new cabinet is formed and parliament re-called following nationwide elections held recently.

The Group currently intends to seek a farm-in partner for the Zambian Blocks so that it is carried through the more capital intensive stages of the work programme and to re-coup an appropriate part of the Group's investment.

Western Sahara (SADR)

SADR is the territory known as Western Sahara, and has been occupied by Morocco since 1975. The sovereignty of the territory remains in dispute, despite being recognised by the United Nations as a non-self-governing territory and by the African Union.

As part of a portfolio review, the Group sold its interests in the SADR Blocks in January 2017 to Red Rio Petroleum Ltd in exchange for an over-riding royalty interest ranging from 5% – 10%; depending on the licence.

7. ANNUAL GENERAL MEETING

At the end of this document, you will find a notice convening the annual general meeting of the Company, which is to be held at 4.00 p.m. on 11 August 2017 at the offices of Peel Hunt LLP at Moor House, 120 London Wall, London, EC2Y 5ET. - an ordinary resolution to re-elect Mr Peter Taylor as a director of the Company;
- an ordinary resolution to re-appoint UHY Hacker Young LLP as auditors and to authorise the Directors to determine their remuneration;
- an ordinary resolution to grant authority to the Directors to allot shares in the Company and to grant rights to subscribe for, or to convert any security into, shares in the Company pursuant to section 551 of the Companies Act 2006 up to an aggregate nominal value of £3,000,000. This authority will expire (unless renewed, varied or revoked) at the conclusion of the Company's next Annual General Meeting; and
- conditional upon the passing of Resolution 4 above, a special resolution to disapply the statutory pre-emption rights contained in section 561(1) of the Companies Act 2006 in respect of any allotments of equity securities for cash. This authority shall be limited to an aggregate nominal value of £3,000,000. This authority will expire (unless renewed, varied or revoked) at the conclusion of the Company's next Annual General Meeting.

8. ACTION TO BE TAKEN

In respect of the Annual General Meeting

You will find enclosed with this document a Form of Proxy for use by Shareholders at the Annual General Meeting. Whether or not you intend to be present at the Annual General Meeting, you are requested to complete and return the Form of Proxy in accordance with the instructions printed thereon. To be valid, completed Forms of Proxy must be received by Capita Asset Services, PXS 1, 34 Beckenham Road, Beckenham, Kent, BR3 4TU as soon as possible and in any event not later than 4.00 p.m. on 9 August 2017, being 48 hours (excluding non-Business Days) before the time appointed for holding the Annual General Meeting. Completion of a Form of Proxy will not preclude you from attending the meeting and voting in person if you so choose.

In respect of the Open Offer

If you are a Qualifying Ordinary Shareholder, you will have received an Application Form which gives details of your entitlement under the Open Offer (as shown by the number of Open Offer Entitlements allocated to you). If you wish to apply for the number of Open Offer Shares you are entitled to under the Open Offer (as shown by the number of Open Offer Entitlements allocated to you) or more or less Open Offer Shares than you are entitled to under the Open Offer, you should complete the enclosed Application Form in accordance with the procedure for application set out in paragraph 4(i) of Part 3 of this document and on the Application Form itself.

If you are a Qualifying CREST Holder, no Application Form is enclosed and you will receive a credit to your appropriate stock account in CREST in respect of the Open Offer Entitlements representing your entitlement under the Open Offer. You should refer to the procedure for application set out in paragraph 4(ii) of Part 3 of this document.

The latest time for applications under the Open Offer to be received is 11.00 a.m. on 4 August 2017. The procedure for application and payment depends on whether, at the time at which application and payment is made, you have an Application Form in respect of your entitlement under the Open Offer or have CREST Entitlements credited to your stock account in CREST in respect of such

entitlement. The procedures for application and payment are set out in Part 3 of this document. Further details also appear in the Application Form which has been sent to Qualifying Ordinary Shareholders.

Qualifying CREST Holders who are CREST sponsored members should refer to their CREST sponsors regarding the action to be taken in connection with this document and the Open Offer.

9. OVERSEAS SHAREHOLDERS

Information for Shareholders who are resident in, or who are citizens of, or who have registered addresses in, countries other than the United Kingdom appears in paragraph 7 of Part 3 of this document, which sets out the restrictions applicable to such persons. If you are an Overseas Shareholder, it is important that you read that part of this document.

10. TAXATION

Information regarding taxation in the United Kingdom in connection with the Open Offer is set out in paragraph 6 of Part 3 of this document. Shareholders who are in any doubt as to their tax position, or who are subject to tax in any other jurisdiction, should consult their professional adviser as soon as possible.

11. RISK FACTORS AND ADDITIONAL INFORMATION

Your attention is drawn to the risk factors in Part 2 of this document which are important and should be read in full and the additional information set out in Part 4 of this document.

12. RECOMMENDATION AND VOTING INTENTIONS

The Board believes that the Open Offer is in the best interests of the Company, and the Shareholders as a whole, for the following reasons:

- the Open Offer should provide the Company with additional funding to that raised in the Placing to progress the Company's search for a farm-out partner for the Thali Block and for other general working capital purposes; and
- the Open Offer provides Qualifying Shareholders with the opportunity to subscribe for additional Ordinary Shares at the same price per Ordinary Share as was available to Placees under the Placing, thereby minimising the dilutionary effect of the Placing on Qualifying Shareholders.

The Directors intend to vote in favour of all of the Resolutions in respect of their own interests which, in aggregate, total 29,090,554 Existing Ordinary Shares, representing 20.6 per. cent of the Enlarged Share Capital.

Yours faithfully,

Jeremy Asher
Chairman and Chief Executive Officer

PART 2

RISK FACTORS

The investment detailed in this document may not be suitable for all of its recipients and involves a high degree of risk. Before making an investment decision, prospective investors are advised to consult a professional adviser authorised under the FSMA who specialises in advising on investments of the kind described in this document. Prospective investors should consider carefully whether an investment in the Company is suitable for them in the light of their personal circumstances and the financial resources available to them.

The exploration for and development of natural resources is a highly speculative activity which involves a high degree of risk. Accordingly, the Ordinary Shares should be regarded as a highly speculative investment and an investment in the Company should only be made by those with the necessary expertise to evaluate the investment fully.

In addition to the other relevant information set out in this document, the Directors consider that the following risk factors, which are not set out in any particular order of priority, are of particular relevance to the Group's activities and to any investment in the Company. It should be noted that additional risks and uncertainties not presently known to the Directors or which they currently believe to be immaterial may also have an adverse effect on the Group. Any one or more of these risk factors could have a materially adverse impact on the value of the Group and should be taken into consideration when assessing the Company.

There can be no certainty that the Company will be able to implement successfully the strategy set out in this document and information which it has released to the market. No representation is or can be made as to the future of the Group and there can be no assurance that the Group will achieve its objectives.

1. RISKS RELATING TO THE GROUP'S ACTIVITIES

Early stage of operations

The Group's operations are at an early stage of development and future success will depend on the Directors' ability to successfully manage the current projects and to take advantage of further opportunities which may arise. There can be no guarantee that the Group can or will be able to, or that it will be commercially advantageous for the Group to, develop the Blocks.

Further, the Group has no assets producing positive cash flow and its ultimate success will depend on the Directors' ability to implement their strategy, generate cash flow from economically viable projects and access equity markets. Whilst the Directors are optimistic about the Group's prospects, there is no certainty that anticipated outcomes and sustainable revenue streams will be achieved. The Group will not generate any material income until commercial production has commenced, if indeed it does, and in the meantime the Group will continue to expend its cash reserves and will, in due course, need to raise additional capital, which the Company anticipates would be by way of the issue of further Ordinary Shares and/or by way of the farm-out of part of the Group's interests in the Blocks but could also include financing through debt. Please also refer to the risk factor titled "*Group's Financial Position*".

The Group's projects have no operating history upon which to base estimates of future cash operating costs. For early stage projects, estimates of proven and probable reserves and cash operating costs are, to a large extent, based upon the interpretation of geological data and feasibility studies which derive estimates of cash operating costs based upon anticipated recoveries, expected recovery rates, comparable facility and equipment operating costs, anticipated climatic conditions and other factors. As a result, it is possible that actual cash operating costs and economic returns may differ materially from those estimated.

General exploration and production risks

The business of exploration for, and development and exploitation of, hydrocarbon deposits is speculative and involves a high degree of risk, which even a combination of careful evaluation, experience and knowledge may not eliminate. Hydrocarbon deposits assessed by the Group as contingent resources may not ultimately contain economically recoverable hydrocarbon reserves and even if they do, delays in the construction and commissioning of production projects or other technical difficulties may result in any projected target dates for production being delayed or further capital expenditure being required.

The operations of the Group may be disrupted, curtailed, delayed or cancelled by a variety of risks and hazards which are beyond the control of the Group, including unusual or unexpected geological formations, formation pressures, geotechnical and seismic factors, environmental hazards, industrial accidents, occupational and health hazards, technical failures, mechanical difficulties, equipment shortages, labour disputes, fires, explosions, power outages and extended interruptions due to inclement or hazardous weather conditions and other acts of God. Any one of these risks and hazards could result in work stoppages, damage to, or destruction of, the Group's facilities, personal injury, damage to life or property, environmental damage or pollution, business interruption, monetary losses and possible legal liability which could have a material adverse impact on the business, operations and financial performance of the Group. Although precautions to minimise risk are taken, even a combination of careful evaluation, experience and knowledge may not eliminate all of the hazards and risks. In addition, not all of these risks are insurable.

As is common with many exploration ventures, there is uncertainty and therefore risk associated with the Group's operating parameters and costs which can be difficult to predict and are often affected by factors outside of the Group's control. Few exploration assets are ultimately developed into producing assets. There can be no guarantee that any estimates of quantities of hydrocarbons discovered by the Group will be available to exploit or extract. If reserves are developed, it can take significant expenditure and a number of years from the initial phases of drilling and identification of hydrocarbons until production is possible, during which time the economic feasibility of production may change. Substantial expenditures are required to establish hydrocarbon reserves through drilling and, in the case of new projects, to construct processing facilities and other relevant infrastructure. With many natural resources operations there is uncertainty and, therefore, risk associated with operating parameters and costs resulting from the scaling up of extraction methods tested in pilot conditions.

Hydrocarbon reserve and resource estimates

No assurance can be given that the hydrocarbon resources and reserves reported by the Group from time to time are present as estimated, that reserves will be recovered in the quantities and at the rates estimated or that they can be brought into profitable production. Hydrocarbon reserve and resource estimates may require revisions and/or changes (either up or down) based on additional technical data, new interpretations of data, actual production experience and in light of the prevailing market price of oil and gas. A decline in the market price for oil and gas could render reserves uneconomic to recover and may ultimately result in a reclassification of reserves as resources.

There are uncertainties inherent in estimating the quantity of reserves and resources and in projecting future rates of production, including factors beyond the Group's control. Estimating the amount of hydrocarbon reserves and resources is an interpretive process and, in addition, results of drilling, testing and production subsequent to the date of an estimate may result in material revisions to original estimates.

The hydrocarbon resources data historically reported by the Company are estimates only and should not be construed as representing exact quantities. The nature of quantification studies means that there can be no guarantee that estimates of quantities and quality of the resources disclosed will be available for extraction. Therefore, actual production, revenues, cash flows, royalties and development and operating expenditures may vary from these estimates. Such variances may be material. Estimates of resources as reported by the Company may be based upon production data, prices, costs, ownership, geophysical, geological and engineering data, and other information assembled by the Group (which it may not necessarily have produced itself). The estimates may prove to be incorrect and potential investors should not place reliance on the forward looking statements contained in such reports (including data that has been expressed to have been certified by the relevant competent persons or otherwise).

Hydrocarbon reserves and resources estimates are expressions of judgment based on knowledge, experience and industry practice. Estimates that were reasonable when made may change significantly when new information from additional analysis and drilling becomes available. This may result in alterations to development and production plans which may, in turn, adversely affect operations.

If the assumptions upon which the estimates of the Group's hydrocarbon resources and reserves have been based prove to be incorrect, the Group (or the operator of an asset in which the Group has an interest) may be unable to recover and produce the estimated levels or quality of hydrocarbons and the Group's business, prospects, financial condition or results of operations could be materially and adversely affected.

Farm-out and joint venture partners

From time to time, the Group may enter into farm-out agreements to fund a portion of the exploration and development costs associated with its assets. In addition, other companies may operate some of the assets in which the Group has an ownership interest. For example, New Age is the operator of the South African Exploration Right. Liquidity and cash flow problems encountered by the Group's partners and co-owners of such assets and any non-compliance or disagreements by the partners and co-owners (including, without limitation, disputes as to funding required or otherwise) may lead to a delay in the pace of exploration, development or production programmes that may be detrimental to such programmes or may otherwise have adverse consequences for the Group. In addition, any farm-out partners and working interest owners may be unwilling or unable to pay their share of the costs of projects as they become due. In the case of a farm-out partner, the Group may have to obtain alternative funding in order to complete the exploration and development of the assets subject to the farm-out agreement. In the case of a working interest owner, the Group may be required to pay the working interest owner's share of the project costs in order to protect its interest in the asset. The Group cannot assure investors that it would be able to obtain the capital necessary in order to fund either of these contingencies. It is also possible that the interests of the Group and those of its joint venture partners (who may have other interests and who may prefer to dedicate their resources to other projects) are not aligned resulting in project delays or additional costs or losses.

Government approval may be required for farm-out transactions and negotiations with the government could delay exploration or development programmes or negatively impact the existing economics on a given Block.

The Group has undertaken a formal farm-out process to identify a farm-out partner for the Thali Block and it is the Group's current intention to seek farm-out partners for both the Zambian Blocks and the South African Exploration Right in the future. There can be no certainty that the Group will be successful in these searches and that such farm-ins to the Thali Block, the South African Exploration Right or the Zambian Blocks will be concluded. Should this be the case, the Group will continue to be responsible for the costs associated with its participating interest in such Blocks and if the Group fails to allocate funds towards the minimum work programmes then there is a risk that the Group will lose its interest in such Blocks.

Please also refer to Risk Factor titled "*Group's Financial Position*".

Volatility in the price of oil and gas and the general economic climate

The general economic climate and market price of, and demand for, oil and gas is volatile and is affected by a variety of factors which are beyond the Group's control. These include international supply and demand, the level of consumer product demand, weather conditions, the price and availability of alternative fuels, growth in gross domestic product, supply and demand of capital, employment trends, international economic trends, currency exchange rate fluctuations, the level of interest rates and the rate of inflation, the cost of freight, global or regional political events and international events, as well as a range of other market forces. The aggregate effect of these factors is impossible to predict. Sustained downward movements in oil and gas prices could render less economic, or wholly uneconomic, some or all of the exploration and potential future oil and gas production related activities to be undertaken by the Group.

Availability of drilling, exploration and production equipment

The availability of drilling rigs and other equipment and services is affected by the level and location of drilling activity around the world. An increase in drilling operations outside the current focus area of the Group or in other areas may reduce the availability of equipment and services to the Group. Similarly, the Group may have difficulty sourcing the exploration and production equipment it requires in the timeframe envisaged by the Group's plans due to high global demand for such equipment. The reduced availability of equipment and services may delay the Group's ability to exploit any reserves and adversely affect the Group's operations and profitability.

Government regulations and permits

The Blocks are located in offshore Cameroon, South Africa and onshore Zambia and there are a number of risks which the Group is unable to control.

There is a risk that the Group's activities will be adversely affected by economic and political factors such as the imposition of additional taxes and charges, cancellation or suspension of licences and permits, expropriation, war, terrorism, insurrection and changes to the laws and regulations governing petroleum exploration and development, including labour standards and occupational health, site safety, toxic substances and other matters.

Governmental approvals, licences and permits (including the documents relating to the Blocks) are, as a practical matter, subject to the discretion of the applicable governments or governmental offices. The Group must comply with existing standards, laws and regulations that may entail greater or lesser costs and delays, depending on the nature of the activity to be permitted and the permitting authority.

The Group's intended activities are dependent upon the documents relating to the Blocks and other appropriate licences, concessions, leases, permits and regulatory consents which could subsequently be withdrawn or made subject to limitations. There can be no guarantee as to the terms of any such concessions or assurance that current concessions or future concessions will be renewed or, if so, on what terms when they come up for renewal.

Although the Directors believe that the Group's activities are currently carried out in accordance with all applicable rules and regulations, no assurance can be given that new rules, laws and regulations will not be enacted or that existing or future rules and regulations will not be applied in a manner which could serve to limit or curtail exploration, production or development of the Group's business or have an otherwise negative impact on its activities. Amendments to existing rules, laws and regulations governing the Group's operations and activities, or increases in or more stringent enforcement, implementation or interpretation thereof, could have a material adverse impact on the Group's business, results of operations and financial condition and its industry in general in terms of additional compliance costs.

In addition, the Saharawi Arab Democratic Republic is not currently recognised as a sovereign state by the United Nations and its legal status continues to be unclear; until its sovereign status is resolved, operations will be unable to commence on the SADR Blocks. As announced on 24 January 2017, the Group sold Comet Petroleum Limited (holder of the SADR Blocks) to Red Rio Petroleum Ltd for consideration comprising: a cash consideration of £1.00, future contingent payments and an overriding royalty interest. The extent to which the Group receives such future contingent payments and overriding royalty interest payments will be entirely dependent on the ability of Red Rio Petroleum Ltd to commence operations on the SADR Blocks.

Expropriation Risk

There can be no assurance that the Governments of Cameroon, South Africa or Zambia will not take any actions in the future that are adverse to the Group's ownership of its assets and its ability to operate in the country.

Dependence on key executives and personnel

The future performance of the Group will to a significant extent be dependent on its ability to retain the services and personal connections or contacts of key executives and to attract, recruit, motivate and retain other suitably skilled, qualified and industry experienced personnel to form a high calibre management team. Such key executives are expected to play an important role in the development and growth of the

Group, in particular by maintaining good business relationships with regulatory and governmental departments and essential contractors and suppliers.

Although certain key executives and personnel have entered into service agreements or letters of appointment with the Group, there can be no assurance that the Group will retain their services. The loss of the services of any of the key executives or personnel may have a material adverse effect on the business, operations, relationships and/or prospects of the Group.

Labour

Certain of the Group's operations may be carried out under potentially hazardous conditions. Whilst the Group intends to operate in accordance with relevant health and safety regulations and requirements, the Group remains susceptible to the possibility that liabilities might arise as a result of accidents or other workforce-related misfortunes, some of which may be beyond the Group's control.

Shortage of labour or of skilled workers may cause delays or restrictions during exploration and development activities.

Risks associated with the need to maintain an effective system of internal controls

The Group faces risks frequently encountered by developing companies such as under-capitalisation, cash shortages and limited resources. In particular, its future prospects will depend on its ability to manage growth and to continue to maintain, expand and improve operational, financial and management information systems on a timely basis, whilst at the same time maintaining effective cost controls. Any damage to, failure of or inability to maintain, expand and upgrade effective operational, financial and management information systems and internal controls in line with the Group's growth could have a material adverse effect on the Group's business, financial condition and results of operations.

Environmental, health and safety and other regulatory standards

The projects in which the Group invests and its exploration and potential production activities are subject to various laws and regulations relating to the protection of the environment (including regular environmental impact assessments and the obtaining of appropriate permits or approvals by relevant environmental authorities) and are also required to comply with applicable health and safety and other regulatory standards. Environmental legislation in particular can, in certain jurisdictions, comprise numerous regulations which might conflict with one another and which cannot be consistently interpreted. Such regulations typically cover a wide variety of matters including, without limitation, prevention of waste, pollution and protection of the environment, labour regulations and worker safety. The Group may also be subject under such regulations to clean-up costs and liability for toxic or hazardous substances which may exist on or under any of its properties or which may be produced as a result of its operations. As a result, although all necessary environmental consents for the Group's activities will be obtained and the Group intends to operate in accordance with applicable petroleum industry standards of environmental practice and comply in all material respects, full compliance with applicable environmental laws and regulations may not always be ensured.

Any failure to comply with relevant environmental, health and safety and other regulatory standards may subject the Group to extensive liability, fines and/or penalties and have an adverse effect on the business and operations, financial results or financial position of the Group. Furthermore, the future introduction or enactment of new laws, guidelines and regulations could serve to limit or curtail the growth and development of the Group's business or have an otherwise negative impact on its operations. Any changes to, and increases in, current regulation or legal requirements may have a material adverse effect upon the Group in terms of additional compliance costs.

Decommissioning and abandonment

Upon cessation of any operations on a Block, the Group is responsible for costs associated with abandoning infrastructure and restoring the operational sites by taking reasonable and necessary steps in accordance with generally accepted environmental practices in the international petroleum industry. The Group's environmental permits may specify commitments to governmental bodies for specific rehabilitation activities. At the end of the exploitation period, the relevant authority will confirm fulfilment, or require further work as necessary, to meet the permit conditions.

Retention of key business relationships

The Group will rely significantly on strategic relationships with other entities, on good relationships with regulatory and governmental departments and upon third parties to provide essential contracting services. There can be no assurance that its existing relationships will continue to be maintained or that new ones will be successfully formed, and the Group could be adversely affected by changes to such relationships or difficulties in forming new ones. Any circumstance which causes the early termination or non-renewal of one or more of these key business alliances or contracts could adversely impact the Group, its business, operating results and prospects.

Project development risks

There can be no assurance that the Group will be able to manage effectively the expansion of its operations or that the Group's current personnel, systems, procedures and controls will be adequate to support the Group's operations. This includes, among other things, the Group managing the acquisition of required land tenure, infrastructure development and other related issues affecting local and indigenous populations, their cultures and religions. Any failure of the Board to manage effectively the Group's growth and development could have a material adverse effect on the Group's business, financial condition and results of operations. There is no certainty that all or, indeed, any of the elements of the Group's current strategy will develop as anticipated and that the Group will be profitable.

Payment obligations, work commitments and other obligations under Blocks related agreements

Under the agreements relating to the Blocks or otherwise to which the Group is, or may in the future become, a party, the Group is, or may become, subject to payment obligations, work commitments and other obligations. If such obligations are not complied with when due, in addition to any other remedies which may be available to other parties, this could result in dilution or forfeiture of interests held by the Group. The Group may not have, or be able to obtain, funding for all such obligations as they arise.

The Group's objectives may not be fulfilled

The ability of the Board to implement the Group's strategy could be adversely affected by changes in the economy and/or industries in which it operates. Although the Group has a clearly defined strategy there can be no guarantee that its objectives or any of them will be achieved on a timely basis or at all. In particular, further projects and/or opportunities may not be available or of the quality or in the number required to satisfy the Group's requirements and therefore the anticipated development or growth of the Group may not be achieved. The Group's ability to attract new growth opportunities is also dependent on the maintenance of its reputation.

2. GENERAL BUSINESS RISKS RELATING TO THE GROUP

Future funding requirements

Significant capital investment will be required to further advance the Group's existing projects. In particular, the Group will be required to investigate the funding options available to allow it to meet its ongoing commitments. Please refer to the risk factor titled "*Group's Financial Position*".

The Group will need to raise additional capital which the Company anticipates would be by way of the farm-out of part of its interests in the Blocks and/or by way of the issue of further Ordinary Shares but could include financing by way of debt, or through other means, to finance its anticipated future operations, its working capital or capital expenditure requirements or to make acquisitions and finance its growth through future stages of development. In particular, the Group has undertaken a formal farm-out process to identify a farm-out partner for the Thali Block and it is the Group's current intention to seek farm-out partners for the Zambian Blocks and the South African Exploration Right in the future. There can be no certainty that such farm-outs will be completed in due course or at all. Please refer to the risk factor titled '*Farm-out and joint venture partners*'.

Additional equity issues may have a dilutive effect on the then prevailing Shareholders and investors if they are unable or choose not to subscribe for such additional Ordinary Shares and the issue of additional Ordinary Shares by the Company, or the possibility of such an issue, may cause the market price of the Ordinary Shares to decline.

Furthermore, any debt financing, if available, may include conditions that would restrict the Group's freedom to operate its business, such as conditions that:

- limit the Group's ability to pay dividends or require it to seek consent for the payment of dividends;
- increase the Group's vulnerability to general adverse economic and industry conditions;
- require the Group to dedicate a portion of any cash flow arising from future operations to payments on its debt, thereby reducing the availability of its cash flow to fund capital expenditures, working capital and other general corporate purposes; and
- limit the Group's flexibility in planning for, or reacting to, changes in its business and its industries.

There can be no guarantee or assurance that such farm-outs, debt funding or additional equity will be forthcoming when required, or as to the terms and price on which such funds would be available if at all. If the Group is unable to obtain additional financing as needed, or on terms which are acceptable, it may not be able to fulfil its strategy, which could have a material adverse effect on the Group's business, financial position and prospects. It may also be required to reduce the scope of its operations or anticipated growth, forfeit its interest in some or all of its assets, incur financial penalties or reduce or terminate its operations.

Group's Financial Position

The Directors applied for suspension of trading in the Ordinary Shares on AIM on 12 May 2017 pending clarification of the Company's financial circumstances and have undertaken a number of cost reductions across the Group. As at 28 June 2017 the Group had £55,000 of cash reserves and executed a private placing to raise £180,000 on 30 June 2017 prior to issuing the Open Offer to raise additional finance. The Group will need to raise further funds in addition to these two share issues prior to 30 September 2017, or to agree a farm out or other transaction involving one or more of the Blocks, in order to meet its liabilities as they fall due. The Directors believe that they will need to raise funds of approximately £2 million in total over the coming twelve months (mainly to fund obligations in respect of the Thali Block) and consider that there are a number of options available to them either through capital markets, farm-outs or asset disposals and are confident that these will be concluded satisfactorily within the necessary timeframes. The Directors do not therefore intend to cease trading nor do they believe that there is no realistic alternative to doing so.

However, there can be no guarantee that the required funds may be raised or transactions completed within the necessary timeframes. Consequently a material uncertainty exists that may cast significant doubt on the Group's ability to continue to operate and to meet its commitments and discharge its liabilities in the normal course of business for a period of not less than twelve months from the date of this report.

Insurance coverage and uninsured risks

The Group insures its operations in accordance with industry practice and plans to insure the risks it considers appropriate for the Group's needs and circumstances. However, the Group may elect not to have insurance for certain risks, due to the high premium costs associated with insuring those risks or for various other reasons, including an assessment that the risks are remote.

No assurance can be given that the Group will be able to obtain insurance coverage at reasonable rates (or at all), or that any coverage it obtains will be adequate and available to cover any claims arising. The Group may become subject to liability for pollution or other hazards against which it has not insured or cannot insure, including those in respect of past activities for which it was not responsible. Some forms of insurance protection used in developed western countries may be unavailable in Cameroon, South Africa, Zambia or other countries in which the Group from time to time operates. In the event that insurance coverage is not available or the Group's insurance is insufficient to fully cover any losses, claims and/or liabilities incurred, the Group's business and operations, financial results or financial position may be disrupted and adversely affected.

The payment by the Group's insurers of any insurance claims may result in increases in the premiums payable by the Group for its insurance cover and adversely affect the Group's financial performance. In the future, some or all of the Group's insurance coverage may become unavailable or prohibitively

expensive.

VAT Repayments

Included within both Group and Company 2016 financial statements are amounts totalling \$74,000 with respect to UK VAT receivable. At 31 December 2015, these amounts had been withheld pending the completion of a review that was incomplete at the time the 2015 financial statements were signed. At that time the Company had received independent third party advice confirming the validity of the Company's UK VAT position.

As noted in the Company's 2016 Annual Report, HMRC subsequently issued further assessments totalling £843,000 excluding interest and penalties. This was appealed and referred to the first-tier tribunal, a hearing date for which has not yet been confirmed.

As also noted in the Company's 2016 Annual Report, the Company had also identified that certain suppliers had incorrectly charged UK VAT on their fees to the Company. VAT incorrectly charged to the Company totalled £903,000.00. The suppliers concerned had filed letters disclosing this error with HMRC and sought reimbursement. The legal benefit and the handling of these claims have now been assigned to the Company, which is engaged in a continuing dialogue with HMRC about these claims and HMRC's earlier assessments. HMRC has agreed not to pursue its claim for £843,000 while the Company's claim for reimbursement of £903,000 remains outstanding.

The Company firmly believes that it has complied in all material respects with UK VAT legislation. Based on discussions with its advisors, the Company understands that the strength of HMRC's claim over the £843,000 is subject to legal interpretation, whereas the strength of the Company's claim of £903,000 against HMRC is not.

Nevertheless, taking into account the uncertainty regarding the appeal on the withholding of the original receivable and the assessment of £843,000, and the alternative reimbursement due of £903,000, the Company has therefore reduced the net receivable within its 2016 financial statements to £60,000 to reflect only the reimbursement due and has also made a full provision for the HMRC assessment.

Shareholder taxation

The tax consequences to each Shareholder of owning Ordinary Shares will depend, *inter alia*, on tax laws in the jurisdiction in which that Shareholder is resident or domiciled. Potential investors should consult their professional advisers on the possible tax consequences of subscribing for, buying, holding, selling or transferring Ordinary Shares under the laws of their country of citizenship, residence or domicile.

Litigation

Save as disclosed in this document, while the Group currently has no material outstanding litigation or dispute, there can be no guarantee that the current or future actions of the Group will not result in litigation since there have been a number of cases where the rights and privileges of natural resource companies have been the subject of litigation. The petroleum industry, as with all industries, may be subject to legal claims, both with and without merit, from time to time. The Directors cannot preclude that such litigation may be brought against the Group in the future. Defence and settlement costs can be substantial, even with respect to claims that have no merit. Due to the inherent uncertainty of the litigation process, there can be no assurance that the resolution of any particular legal proceeding will not have a material adverse effect on the Group's financial position, results or operations. The Group's business may be materially adversely affected if the Group and/or its employees or agents are found not to have met the appropriate standard of care or not exercised their discretion or authority in a prudent or appropriate manner in accordance with accepted standards.

3. RISKS RELATING TO OPERATIONS IN AFRICA

Political instability and significant changes in government policies and regulatory environment

The Group's assets are located in Cameroon, South Africa and Zambia.

Accordingly, the Group is subject to political, economic and social factors affecting both Africa generally and the African countries in which it is operating or proposing to operate, as well as regional diplomatic developments affecting those countries and changes in laws, regulations and policies implemented by the

Governments of those countries from time to time. Government actions or changes in political conditions (and the impact thereof on the domestic economy) in the future could have a significant effect on economic conditions in those countries in which the Group is operating or purposes to operate, which could adversely affect the Group's business and its financial results. See also risk factor titled "*Government regulations and permits*" for further details in relation to the international status of the Saharawi Arab Democratic Republic and the consequences for the SADR Blocks.

Any downgrading of prevailing debt rating by an international rating agency could have a negative impact on the Group

Any adverse revision to the prevailing credit rating for domestic and international debt by any of the international rating agencies may adversely impact the Group's ability to raise future project financing and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on the Group's financial performance and its ability to obtain financing to fund its growth on favourable terms or at all.

Financial instability in other countries, particularly emerging market countries, could disrupt the Group's business and affect the price of the Ordinary Shares

Although economic conditions are different in each country, investors' reactions to developments in one country may have an adverse effect on the securities of companies in other countries, including the countries in which the Group is operating or proposes to operate. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in the economies of the countries in which the Group is operating or proposes to operate in general as investors move their money to more stable, developed markets. Any worldwide financial instability, including instability related to rising crude oil prices, could also have a negative impact on such economies, including the movement of exchange rates and interest rates in countries in which the Group is operating or proposes to operate. Any financial disruption could have an adverse effect on the Group's business, future financial performance, shareholders' equity and the price of the Ordinary Shares.

Exchange rate fluctuations

Currency fluctuations may affect the Group's operating cash flow since certain of its costs and revenues are likely to be denominated in a number of different currencies other than Pounds Sterling such as US Dollars, and the currencies of countries in which the Group is operating or proposes to operate. Fluctuations in exchange rates between currencies in which the Group operates may cause fluctuations in its financial results which are not necessarily related to its underlying operations.

The Group has not engaged in hedging or other risk management activities in order to offset the risk of currency exchange rate fluctuations although the Directors will consider, if appropriate, to minimise such risks, where appropriate, through the use of hedging or other financial instruments. The Group cannot predict in any meaningful way the effect of exchange rate fluctuations upon future results.

Acts of God, war, terrorist attacks and contagious diseases

The Group's business is affected by general economic conditions in Cameroon, South Africa and Zambia as well as in other parts of the world. Acts of God such as natural disasters and outbreaks of highly contagious diseases are beyond the control of the Group and, while isolated, may adversely affect the economy, infrastructure and livelihood of people in the countries in which the Group is operating or proposing to operate and other parts of the world. The Group's business and profitability may be adversely affected should such acts of God and/or outbreaks occur and/or continue. There can be no assurance that any war, terrorist attack or other hostilities in any part of the world, potential, threatened or otherwise, will not, directly or indirectly, have an adverse effect on the operations and profitability of the Group.

4. RISKS ASSOCIATED WITH THE ORDINARY SHARES

Share price volatility and liquidity

There can be no assurance that an active or liquid trading market for the Ordinary Shares will be available or maintained. AIM is a market designed primarily for emerging or smaller growing companies which carry a higher than normal financial risk and tend to experience lower levels of liquidity than larger

companies. Accordingly, AIM may not provide the liquidity normally associated with the Official List or some other stock exchanges. The Ordinary Shares may therefore be difficult to sell compared to the shares of companies listed on the Official List and the share price may be subject to greater fluctuations than might otherwise be the case.

The Company is principally aiming to achieve capital growth and, therefore, Ordinary Shares may not be suitable as a short-term investment. Consequently, the share price may be subject to greater fluctuation on small volumes of shares traded, and thus the Ordinary Shares may be difficult to sell at a particular price. Prospective investors should be aware that the value of an investment in the Company may go down as well as up and that the market price of the Ordinary Shares may not reflect the underlying value of the Company. There can be no guarantee that the value of an investment in the Company will increase. Investors may therefore realise less than, or lose all of, their original investment.

The share prices of publicly quoted companies can be highly volatile and shareholdings illiquid. The price at which the Ordinary Shares are quoted and the price which investors may realise for their Ordinary Shares may be influenced by a large number of factors, some of which are general or market specific, others which are sector specific and others which are specific to the Group and its operations. These factors include, without limitation, the performance of the Company and the overall stock market, large purchases or sales of Ordinary Shares by other investors, changes in legislation or regulations and changes in general economic, political or regulatory conditions and other factors which are outside of the control of the Company.

Shareholders may sell their Ordinary Shares in the future to realise their investment. Sales of substantial amounts of Ordinary Shares following Admission or the perception that such sales could occur, could materially adversely affect the market price of the Ordinary Shares available for sale compared to the demand to buy Ordinary Shares. Such sales may also make it more difficult for the Company to sell equity securities in the future at a time and price that is deemed appropriate. There can be no guarantee that the price of the Ordinary Shares will reflect their actual or potential market value or the underlying value of the Group's net assets and the price of the Ordinary Shares may decline below their current market price.

Investment Risk

An investment in the Company is highly speculative, involves a considerable degree of risk and is suitable only for persons or entities which have substantial financial means and who can afford to hold their ownership interests for an indefinite amount of time. While various oil investment opportunities are available, potential investors should consider the risks that pertain to oil exploration and production projects in general.

Dividends

There can be no assurance as to the level of future dividends. The declaration, payment and amount of any future dividends of the Company are subject to the discretion of the Directors, and will depend on, among other things, the Company's earnings, financial position, cash requirements and availability of profits. A dividend may never be paid and at present, there is no intention to pay a dividend. At present, the Company's dividend policy is that all funds available for distribution should be reinvested in the business of the Company.

Share options and warrants

The Company has issued options and warrants to certain advisers, employees, Directors, senior management and consultants of the Group. The Company's remuneration Committee is also currently considering allowing further options to be issued to Directors and senior management as part of remuneration packages. This could lead to further options being issued in the coming months. The exercise of any such share options and warrants would result in a dilution of the shareholdings of other investors.

Forward-looking statements

This document contains forward-looking statements that involve risks and uncertainties. All statements, other than statements of historical facts, contained in this document, including statements regarding the Group's future financial position, business strategy and plans, business model and approach and objectives

of management for future operations, are forward-looking statements. Generally, the forward-looking statements in this document use words like “anticipate”, “believe”, “could”, “estimate”, “expect”, “future”, “intend”, “may”, “opportunity”, “plan”, “potential”, “project”, “seek”, “will” and similar terms. The Group’s actual results could differ materially from those anticipated in the forward-looking statements as a result of many factors, including the risks faced by the Group which are described in this section and elsewhere in this document. Investors are urged to read this entire document carefully before making an investment decision. The forward-looking statements in this document are based on the relevant Directors’ beliefs and assumptions and information only as of the date of this document, and the forward-looking events discussed in this document might not occur. Therefore, investors should not place any reliance on any forward-looking statements. Except as required by law or regulation, the Directors undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future earnings or otherwise.

It should be noted that the factors listed above are not intended to be exhaustive and do not necessarily comprise all of the risks to which the Group is or may be exposed or all those associated with an investment in the Company. In particular, the Company’s performance is likely to be affected by changes in market and/or economic conditions, political, judicial, and administrative factors and in legal, accounting, regulatory and tax requirements in the areas in which it operates and holds its major assets. There may be additional risks and uncertainties that the Directors do not currently consider to be material or of which they are currently unaware which may also have an adverse effect upon the Group.

If any of the risks referred to above crystallise, the Group’s business, financial condition, results or future operations could be materially adversely affected. In such case, the price of its Ordinary Shares could decline and investors may lose all or part of their investment.

PART 3

TERMS AND CONDITIONS OF THE OPEN OFFER

1. INTRODUCTION

As explained in Part 1 of this document, the Company proposes to raise up to £187,890.13 by way of an Open Offer of up to 18,789,013 Open Offer Shares at the Issue Price. The Company hereby invites Qualifying Shareholders to apply, on and subject to the terms and conditions set out in this document and, where relevant, in the Application Form, and subject to the Articles, for Open Offer Shares at the Issue Price, free from all expenses, payable in cash in full on application.

Qualifying Shareholders are also being given the opportunity, provided that they take up their Open Offer Entitlement in full, to apply for additional Open Offer Shares through the Excess Application Facility.

The participation of a Qualifying Shareholder for its Open Offer Entitlement and any Excess Shares under the Excess Application Facility does not guarantee that its percentage shareholding will not be diluted from the position prior to the Open Offer as a result of the Open Offer.

The Open Offer Shares will, when issued and fully paid, rank *pari passu* in all respects with the Existing Ordinary Shares, including the right to receive all dividends and other distributions declared, made or paid after the date of their issue. The allotment and issue of the Open Offer Shares will be made upon and be subject to the terms and conditions set out in this document and, in the case of Qualifying Ordinary Shareholders, in the Application Form.

Application will be made to the London Stock Exchange for the Open Offer Shares to be admitted to trading on AIM. It is expected that Admission will become effective at 8.00 a.m. on 11 August 2017. The Ordinary Shares have been suspended from trading on AIM since 12 May 2017. The Open Offer is not conditional upon Restoration of Trading becoming effective.

Any Qualifying Shareholder who has sold or transferred all or part of his registered holding of Existing Ordinary Shares before the date upon which the Ordinary Shares were marked “ex” the entitlement to the Open Offer by the London Stock Exchange at 8.00 a.m. on 14 July 2017, is advised to consult his stockbroker, bank or other agent through or to whom the sale or transfer was effected as soon as possible since the invitation to apply for Open Offer Shares under the Open Offer may be a benefit which may be claimed from him by the purchasers under the rules of the London Stock Exchange. This document and, for Qualifying Ordinary Shareholders, the Application Form contains the formal terms and conditions of the Open Offer. Your attention is drawn to paragraph 4 of this Part 3 which gives details of the procedure for application and payment for the Open Offer Shares.

If a Qualifying Shareholder does not wish to apply for Open Offer Shares he should not complete or return the Application Form.

A maximum number of 18,789,013 Open Offer Shares will be offered to Qualifying Shareholders as part of the Open Offer. In no circumstances will more than this number of Ordinary Shares be issued pursuant to the Open Offer.

2. THE OPEN OFFER

Subject to the fulfilment of the terms and conditions referred to in this document and, where relevant, set out in the Application Form, Qualifying Shareholders are being given the opportunity to apply for Open Offer Shares at the Issue Price free of expenses, payable in full in cash on application, on the basis of:

2 Open Offer Shares for every 13 Existing Ordinary Shares

registered in the name of each Qualifying Shareholder at the Record Date. Qualifying Shareholders may apply for more or less Open Offer Shares than they are entitled to under the Open Offer. Applications under the Excess Application Facility for any Excess Shares shall be determined by the Directors in their

absolute discretion and no assurance can be given that these applications will be met in full, in part or at all.

The total consideration under the Open Offer shall be less than €5 million (or an equivalent amount) in aggregate (so that the Company is not required to prepare a prospectus in connection with the Open Offer for the purposes of the Prospectus Rules published by the FCA). To the extent that applications received from Qualifying Shareholders reach or exceed the maximum Open Offer Shares available, excess applications shall be scaled-back at the absolute discretion of the Company (but to an amount which is not less than the relevant Qualifying Shareholder's Open Offer Entitlement). Any monies received from an applicant in excess of the amount due because applications have been scaled-back will be returned to the applicant without interest at the applicant's sole risk.

Fractions of Open Offer Shares will not be allotted, each Qualifying Shareholder's entitlement being rounded down to the nearest whole number. The fractional entitlements may be aggregated and made available via the Excess Application Facility. The action to be taken in relation to the Open Offer depends on whether, at the time at which application and payment is made, you have an Application Form in respect of your entitlement under the Open Offer or have Open Offer Shares representing your CREST Entitlements credited to your stock account in CREST in respect of such entitlement.

If you are a Qualifying Ordinary Shareholder you will have received an Application Form with this document and you should refer to paragraph 4(i) and paragraphs 5 to 11 of this Part 3.

If you hold your Ordinary Shares in CREST and have received a credit of your CREST Entitlements to your CREST stock account, please refer to paragraph 4(ii) and paragraphs 5 to 11 of this Part 3 and also to the CREST Manual for further information on the CREST procedures referred to below.

The Open Offer is not a rights issue. Qualifying CREST Holders should note that although the CREST Entitlements will be admitted to CREST and be enabled for settlement, applications in respect of entitlements under the Open Offer may only be made by the Qualifying Shareholder originally entitled or by a person entitled by virtue of a *bona fide* market claim raised by Euroclear's Claims Processing Unit. Qualifying Ordinary Shareholders should note that the Application Form is not a negotiable document and cannot be traded. Qualifying Shareholders should be aware that in the Open Offer, unlike in a rights issue, any Open Offer Shares not applied for under the Open Offer (including under the Excess Application Facility) will not be sold in the market or placed for the benefit of Qualifying Shareholders who do not apply under the Open Offer.

The Ordinary Shares have been suspended from trading on AIM since 12 May 2017. The Open offer is not conditional upon Restoration of Trading becoming effective. Application will be made for the Open Offer Shares to be admitted to trading on AIM. It is expected that Admission will become effective at 8.00 a.m. on 11 August 2017.

The Existing Ordinary Shares are already admitted to CREST. No further application for admission to CREST is accordingly required for the Open Offer Shares; all of such Open Offer Shares, when issued and fully paid, may be held and transferred by means of CREST.

Application has been made for the CREST Entitlements to be admitted to CREST. The conditions to such admission having already been met, the CREST Entitlements are expected to be admitted to CREST with effect from 17 July 2017.

The Open Offer Shares will be issued fully paid and will be identical to, and rank *pari passu* in all respects with, the Existing Ordinary Shares and will rank for all dividends or other distributions declared, made or paid after the date of issue of the Open Offer Shares. No temporary documents of title will be issued.

3. CONDITION AND FURTHER TERMS OF THE OPEN OFFER

The Open Offer is conditional upon admission of the Open Offer Shares becoming effective by not later than 8.00 a.m. on 11 August 2017 (or such later date as the Company may determine not being later than 8.00 a.m. on 18 August 2017).

Accordingly, if any of such conditions are not satisfied, or, if applicable, waived, the Open Offer will not proceed.

Further terms of the Open Offer are set out in this document and, where appropriate, in the Application

Form.

4. PROCEDURE FOR APPLICATION AND PAYMENT

The action to be taken by a Qualifying Shareholder in respect of the Open Offer depends on whether, at the relevant time, a Qualifying Shareholder has an Application Form in respect of his entitlement under the Open Offer or Open Offer Shares representing his CREST Entitlements credited to his CREST stock account in respect of such entitlement.

Qualifying Shareholders who hold their Existing Ordinary Shares in certificated form will be allotted Open Offer Shares in certificated form. Qualifying Shareholders who hold all or part of their Existing Ordinary Shares in uncertificated form will be allotted Open Offer Shares in uncertificated form to the extent that their entitlement to Open Offer Shares arises as a result of holding Existing Ordinary Shares in uncertificated form. However, it will be possible for Qualifying Shareholders to deposit entitlements into, and withdraw them from, CREST. Further information on deposit and withdrawal from CREST is set out in paragraph 4(ii)(g) of this Part 3.

CREST sponsored members should refer to their CREST sponsor, as only their CREST sponsor will be able to take the necessary action specified below to apply under the Open Offer in respect of the Open Offer Entitlements of such members held in CREST. CREST members who wish to apply under the Open Offer in respect of their Open Offer Entitlements in CREST should refer to the CREST Manual for further information on the CREST procedures referred to below.

The Company reserves the right to adjust the expected timetable as set out in this document. In this event, the Company will make an appropriate announcement on a Regulatory Information Service giving details of the revised dates.

Qualifying Shareholders who do not want to take up or apply for Open Offer Shares under the Open Offer should take no action and, where appropriate, should not complete or return the Application Form.

(i) **If you have an Application Form in respect of your entitlement under the Open Offer**

(a) ***General***

Save as provided in paragraph 7 of Part 3 of this document in relation to Overseas Shareholders, Qualifying Ordinary Shareholders will have received an Application Form enclosed with this document. The Application Form shows the number of Existing Ordinary Shares registered in your name at the close of business on the Record Date. It also shows the number of Open Offer Shares comprising your Open Offer Entitlement. You may apply for more or less Open Offer Shares than your Open Offer Entitlement should you wish to do so. Qualifying Ordinary Shareholders may apply for additional Open Offer Shares under the Excess Application Facility. Applications for any Excess Shares shall be determined by the Directors in their absolute discretion and no assurance can be given that these applications will be met in full or in part or at all. The total number of Open Offer Shares is fixed and will not be increased in response to any applications in excess of what is available under the Excess Application Facility. Excess monies in respect of applications which are not met in full will be returned to the applicant (at the applicant's risk) without the payment of interest as soon as practicable but within 14 days thereafter.

The instructions and other terms set out in the Application Form part of the terms of the Open Offer.

(b) ***Market claims***

Applications may only be made on the Application Form and may only be made by the Qualifying Shareholder named in it or by a person entitled by virtue of a *bona fide* market claim in relation to a purchase of Existing Ordinary Shares through the market prior to the date upon which the Existing Ordinary Shares were marked "ex" the entitlement to the Open Offer by the London Stock Exchange, being 8.00 a.m. on 14 July 2017. Application Forms may be split up to 3.00 p.m. on 2 August 2017. The Application Form is not a negotiable

document and cannot be separately traded. A Qualifying Ordinary Shareholder who has sold or transferred all or part of his holding of Existing Ordinary Shares prior to the date upon which the Existing Ordinary Shares were marked “ex” the entitlement to the Open Offer by the London Stock Exchange, should consult his broker or other professional adviser as soon as possible, as the invitation to acquire Open Offer Shares under the Open Offer may be a benefit which may be claimed by the transferee from his counterparty. Qualifying Shareholders who have sold all or part of their registered holdings should, if the market claim is to be settled outside CREST, complete Box 8 on the Application Form and immediately send it to the stockbroker, bank or other agent through whom the sale or transfer was effected for transmission to the purchaser or transferee. The Application Form should not, however, subject to certain exceptions, be forwarded to or transmitted in or into the United States, Australia, Canada, Japan or South Africa.

If the market claim is to be settled outside CREST, the beneficiary of the claim should follow the procedures set out in the accompanying Application Form. If the market claim is to be settled in CREST, the beneficiary of the claim should follow the procedures set out in paragraph ii(e) below.

(c) ***Excess Application Facility***

Qualifying Shareholders who have taken up their Open Offer Entitlement in full may apply for additional Open Offer Shares through the Excess Application Facility.

Qualifying Shareholders wishing to apply for additional Open Offer Shares through the Excess Application Facility may do so by inserting the total number of Open Offer Shares (including his Open Offer Entitlement) for which application is being made (which may be up to 18,789,013 Open Offer Shares) in Box 5(b) of the Application Form and enclosing remittance for the amount inserted in Box 6 of the Application Form.

Applications under the Excess Application Facility for any Excess Shares shall be determined by the Directors in their absolute discretion and no assurance can be given that these applications will be met in full, in part or at all. Excess monies in respect of applications which are not met in full will be returned by post to applicants, at the applicants’ risk and without interest, to the address set out on the Application Form, within 14 days thereafter.

All enquiries in connection with the procedure for making an excess application should be addressed to the Receiving Agent (Capita Asset Services) on 0371 664 0321. Calls are charged at the standard geographic rate and will vary by provider. Calls outside the United Kingdom will be charged at the applicable international rate. The helpline is open between 9.00 a.m. – 5.30 p.m., Monday to Friday excluding public holidays in England and Wales. Please note that Capita Asset Services cannot provide any financial, legal or tax advice and calls may be recorded and monitored for security and training purposes.

(d) ***Application procedures***

If you are a Qualifying Ordinary Shareholder and wish to apply for all, some or more than your entitlement to Open Offer Shares under the Open Offer you should complete and sign the Application Form in accordance with the instructions on it and send it, together with the appropriate remittance, by post or by hand (during normal business hours only) to Capita Asset Services, Corporate Actions, The Registry, 34 Beckenham Road, Beckenham, Kent, BR3 4TU so as to arrive no later than 11.00 a.m. on 4 August 2017. A reply paid envelope is enclosed for use by Qualifying Ordinary Shareholders in connection with the Open Offer.

Please note that the Receiving Agent cannot provide financial advice on the merits of the Open Offer or as to whether or not you should take up your entitlement to Open Offer Shares under the Open Offer. If any Application Form is sent by first class post within the United Kingdom, Qualifying Ordinary Shareholders are recommended to allow at least four business days for delivery. The Company may, in its absolute discretion, elect to accept Application Forms and remittances received after that date. The Company may, in its sole discretion, elect to treat an Application Form as valid and binding on the person(s) by whom or on whose behalf it is lodged, even if it is not completed in accordance with the relevant

instructions, or if it does not strictly comply with the terms and conditions of application. Applications will not be acknowledged.

(e) ***Payments***

All payments must be in pounds sterling and cheques or banker's drafts should be made payable to "Capita Registrars Limited re: Tower Resources Plc – Open Offer 2017" and crossed "A/C payee only". Cheques or banker's drafts must be drawn on an account at a branch or a bank or building society in the United Kingdom, the Channel Islands or the Isle of Man which is either a settlement member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited or which is a member of either of the Committees of Scottish or Belfast clearing houses or which has arranged for its cheques and banker's drafts to be cleared through the facilities provided by any of those companies or committees and must bear the appropriate sort code in the top right hand corner. Eurocheques, unless drawn on a bank in the United Kingdom, the Channel Islands or the Isle of Man, will not be accepted.

Cheques or banker's drafts will be presented for payment upon receipt. The Company reserves the right to instruct Capita Asset Services to seek special clearance of cheques and banker's drafts to allow the Company to obtain value for remittances at the earliest opportunity. It is a term of the Open Offer that cheques shall be honoured on first presentation, and the Company may elect in its absolute discretion to treat as invalid acceptances in respect of which cheques are not so honoured.

Application monies will be paid into a separate bank account pending the Open Offer becoming unconditional. In the event that it does not become unconditional by 8.00 a.m. on 11 August 2017 (or such later time and date as the Company may determine not being later than 8.00 a.m. on 18 August 2017), the Open Offer will lapse and application monies will be returned by first class post to applicants, at the applicants' risk and without interest, to the address set out on the Application Form, within 14 days thereafter.

(f) ***Effect of application***

All documents and remittances sent by post by or to an applicant (or as the applicant may direct) will be sent at the applicant's own risk.

By completing and delivering an Application Form, the applicant gives the representations, warranties, covenants, agreements and acknowledgments set out in Schedule 1.

If you do not wish to apply for any of the Open Offer Shares to which you are entitled under the Open Offer, you should not complete and return the Application Form.

If you are in any doubt as to whether or not you should apply for any of the Open Offer Shares under the Open Offer, you should consult your independent financial adviser immediately. All enquiries in relation to the procedure for application for Qualifying Ordinary Shareholders under the Open Offer should be addressed to Capita Asset Services, Corporate Actions, The Registry, 34 Beckenham Road, Beckenham, Kent BR3 4TU, United Kingdom (telephone: 0371 664 0321. Calls are charged at the standard geographic rate and will vary by provider. Calls outside the United Kingdom will be charged at the applicable international rate. The helpline is open between 9.00 a.m. – 5.30 p.m., Monday to Friday excluding public holidays in England and Wales. Please note that Capita Asset Services cannot provide any financial, legal or tax advice and calls may be recorded and monitored for security and training purposes.

(ii) **If you have Open Offer Entitlements credited to your stock account in CREST in respect of your entitlement under the Open Offer**

(a) ***General***

Save as provided in paragraph 7 of Part 3 of this document in relation to Overseas Shareholders, each Qualifying CREST Holder will receive a credit to his stock account in

CREST of his Open Offer Entitlements.

The CREST stock account to be credited will be an account under the Participant ID and Member Account ID that apply to the Existing Ordinary Shares held on the Record Date by the Qualifying CREST Holder in respect of which the CREST Entitlements have been allocated.

If for any reason the CREST Entitlements cannot be admitted to CREST by, or the stock accounts of Qualifying CREST Holders cannot be credited by 3.00 p.m. on 1 August 2017 or such later time as the Company may decide, an Application Form will be sent out to each Qualifying CREST Holder in substitution for the CREST Entitlements credited to his stock account in CREST. In these circumstances the expected timetable as set out in this document will be adjusted as appropriate and the provisions of this document applicable to Qualifying Ordinary Shareholders with Application Forms will apply to Qualifying CREST Holders who receive Application Forms.

CREST members who wish to apply for some, all or more than their entitlements to Open Offer Shares should refer to the CREST Manual for further information on the CREST procedures referred to below. Should you need advice with regard to these procedures, please contact Capita Asset Services on 0871 664 0321. If you are a CREST sponsored member you should consult your CREST sponsor if you wish to apply for Open Offer Shares as only your CREST sponsor will be able to take the necessary action to make this application in CREST.

(b) Market claims

Each of the CREST Entitlements will constitute a separate security for the purposes of CREST and will have a separate ISIN. Although each of the CREST Entitlements will be admitted to CREST and be enabled for settlement, applications in respect of the CREST Entitlements may only be made by the Qualifying Shareholder originally entitled or by a person entitled by virtue of a bona fide market claim transaction. Transactions identified by the CREST Claims Processing Unit as “cum” the CREST Entitlements will generate an appropriate market claim transaction and the relevant CREST Entitlements will thereafter be transferred accordingly.

(c) Excess Application Facility

The Excess Application Facility enables Qualifying CREST Holders to apply for additional Open Offer Shares in excess of their Open Offer Entitlement.

Save as provided in paragraph 7 of Part 3 of this document in relation to Overseas Shareholders, the CREST accounts of Qualifying CREST Holders will be credited with a CREST Excess Entitlement in order for any applications for Excess Shares to be settled through CREST.

Qualifying CREST Holders should note that, although the CREST Entitlements will be admitted to CREST, they will have limited settlement capabilities (for the purposes of market claims only). The CREST Entitlements will not be tradeable or listed and applications in respect of the Open Offer may only be made by the Qualifying Shareholders originally entitled or by a person entitled by virtue of a bona fide market claim.

To apply for Excess Shares pursuant to the Excess Application Facility, Qualifying CREST Holders should follow the instructions below for submitting an Unmatched Stock Event (“USE”) in respect of the Excess Application Facility.

Credits of CREST Excess Entitlements will be made to each Qualifying CREST Holder; if a Qualifying CREST Holder would like to apply for a larger CREST Excess Entitlement, such Qualifying CREST Holder should contact the Registrar to arrange for a further credit of CREST Excess Entitlements, subject at all times to the maximum number of Open Offer Shares available.

All enquiries in connection with the procedure for making an excess application should be addressed to the Receiving Agent at Capita Asset Services on 0371 664 0321. Calls are

charged at the standard geographic rate and will vary by provider. Calls outside the United Kingdom will be charged at the applicable international rate. The helpline is open between 9.00 a.m. – 5.30 p.m., Monday to Friday excluding public holidays in England and Wales. Please note that Capita Asset Services cannot provide any financial, legal or tax advice and calls may be recorded and monitored for security and training purposes.

(d) ***USE instructions***

CREST members who wish to apply for Open Offer Shares in respect of some, all or more than their Open Offer Entitlements in CREST must send (or, if they are CREST sponsored members, procure that their CREST sponsor sends) a USE instruction to Euroclear which, on its settlement, will have the following effect:

- (i) the crediting of a stock account of the Receiving Agent under the Participant ID and Member Account ID specified below, with a number of Open Offer Entitlements and CREST Excess Entitlements (as applicable) corresponding to the number of Open Offer Shares applied for; and
- (ii) the creation of a CREST payment, in accordance with the CREST payment arrangements, in favour of the payment bank of the Receiving Agent in respect of the amount specified in the USE instruction which must be the full amount payable on application for the number of Open Offer Shares referred to in (i) above.

(e) ***Content of USE instructions***

The USE instruction must be properly authenticated in accordance with Euroclear's specifications and must contain, in addition to the other information that is required for settlement in CREST, the following details:

- (i) the number of Open Offer Shares for which application is being made (and hence the number of the Open Offer Entitlement(s) being delivered to the Registrar);
- (ii) the ISIN of the Open Offer Entitlement. This is GB00BF429M13;
- (iii) the CREST Participant ID of the accepting CREST member;
- (iv) the CREST Member Account ID of the accepting CREST member from which the Open Offer Entitlements are to be debited;
- (v) the Participant ID of the Registrar, in its capacity as a CREST receiving agent. This is 7RA33;
- (vi) the Member Account ID of the Registrar, in its capacity as a CREST receiving agent. This is 29254TOW;
- (vii) the amount payable by means of a CREST payment on settlement of the USE instruction. This must be the full amount payable on application for the number of Open Offer Shares referred to in (i) above;
- (viii) the intended settlement date. This must be on or before 11.00 a.m. on 4 August 2017; and
- (ix) the Corporate Action Number for the Open Offer. This will be available by viewing the relevant corporate action details in CREST.

In order for an application under the Open Offer to be valid, the USE instruction must comply with the requirements as to authentication and contents set out above and must settle on or before 11.00 a.m. on 4 August 2017.

In order to assist prompt settlement of the USE instruction, CREST members (or their sponsors, where applicable) may consider adding the following non-mandatory fields to the USE instruction:

- (A) a contact name and telephone number (in the free format shared note field); and

(B) a priority of at least 80.

CREST members and, in the case of CREST sponsored members, their CREST sponsors, should note that the last time at which a USE instruction may settle on 4 August 2017 in order to be valid is 11.00 a.m. on that day.

In the event that the Open Offer does not become unconditional by 8.00 a.m. on 11 August 2017 (or such later time and date as the Company may determine not being later than 18 August 2017), the Open Offer (including the Excess Application Facility) will lapse, the CREST Entitlements admitted to CREST will be disabled and the Receiving Agent will refund the amount paid by a Qualifying CREST Holder by way of a CREST payment, without interest, within 14 days thereafter.

(f) Content of USE Instructions in respect of the CREST Excess Entitlements under the Excess Application Facility

The USE instruction must be properly authenticated in accordance with Euroclear's specifications and must contain, in addition to the other information that is required for settlement in CREST, the following details:

- (i) the number of Excess Shares for which application is being made (and hence the number of the CREST Excess Entitlement(s) being delivered to the Receiving Agent);
- (ii) the ISIN of the CREST Excess Entitlement. This is GB00BF429N20;
- (iii) the Participant ID of the accepting CREST member;
- (iv) the CREST Member Account ID of the accepting CREST member from which the CREST Excess Entitlements are to be debited;
- (v) the Participant ID of the Receiving Agent, in its capacity as a CREST receiving agent. This is 7RA33;
- (vi) the Member Account ID of the Registrar, in its capacity as a CREST receiving agent. This is 29254TOW;
- (vii) the amount payable by means of a CREST payment on settlement of the USE instruction. This must be the full amount payable on application for the number of Open Offer Shares referred to in paragraph (i) above;
- (viii) the intended settlement date. This must be on or before 11.00 a.m. on 4 August 2017; and
- (ix) the Corporate Action Number for the Open Offer. This will be available by viewing the relevant corporate action details in CREST.

In order for an application in respect of a CREST Excess Entitlement under the Excess Application Facility to be valid, the USE instruction must comply with the requirements as to authentication and contents set out above and must settle on or before 11.00 a.m. on 4 August 2017.

In order to assist prompt settlement of the USE instruction, CREST members (or their sponsors, where applicable) may consider adding the following non-mandatory fields to the USE instruction:

- (i) a contact name and telephone number (in the free format shared note field); and
- (ii) a priority of at least 80.

CREST members and, in the case of CREST sponsored members, their CREST sponsors, should note that the last time at which a USE instruction may settle on 4 August 2017 in order to be valid is 11.00 a.m. on that day.

In the event that the Open Offer does not become unconditional by 8.00 a.m. on 11 August 2017 (or such later time and date as the Company may agree not being later than 8.00 a.m. on 18 August 2017), the Open Offer (including the Excess Application Facility) will lapse, the

CREST Entitlements admitted to CREST will be disabled and the Receiving Agent will refund the amount paid by a Qualifying CREST Holder by way of a CREST payment, without interest, within 14 days thereafter.

(g) Deposit of Open Offer Entitlements into, and withdrawal from, CREST

A Qualifying Ordinary Shareholder's Open Offer Entitlement under the Open Offer as shown by the number of Open Offer Entitlements set out in his Application Form may be deposited into CREST (either into the account of the Qualifying Shareholder named in the Application Form or into the name of a person entitled by virtue of a bona fide market claim). Qualifying Ordinary Shareholders must contact Capita Asset Services using the contact details set out in this document to deposit CREST Excess Entitlements into CREST. Similarly, CREST Entitlements held in CREST may be withdrawn from CREST so that the entitlement under the Open Offer is reflected in an Application Form. Normal CREST procedures (including timings) apply in relation to any such deposit or withdrawal, subject (in the case of a deposit into CREST) as set out in the Application Form.

A holder of an Application Form who is proposing so to deposit the entitlement set out in such form is recommended to ensure that the deposit procedures are implemented in sufficient time to enable the person holding or acquiring the Open Offer Entitlements and the entitlement to apply under the Excess Application Facility following their deposit into CREST to take all necessary steps in connection with taking up the entitlement prior to 11.00 a.m. on 4 August 2017.

In particular, having regard to normal processing times in CREST and on the part of the Registrar, the recommended latest time for depositing an Application Form with the CREST Courier and Sorting Service, where the person entitled wishes to hold the entitlement under the Open Offer set out in such Application Form as CREST Entitlements in CREST, is 3.00 p.m. on 1 August 2017, and the recommended latest time for receipt by Euroclear of a dematerialised instruction requesting withdrawal of the CREST Entitlements from CREST is 4.30 p.m. on 31 July 2017, in either case so as to enable the person acquiring or (as appropriate) holding the CREST Entitlements following the deposit or withdrawal (whether as shown in an Application Form or held in CREST) to take all necessary steps in connection with applying in respect of the CREST Entitlements prior to 11.00 a.m. on 4 August 2017. Qualifying CREST Holders inputting the withdrawal of their Open Offer Entitlement from their CREST account must ensure that they withdraw their Open Offer Entitlement and their CREST Excess Entitlement.

Delivery of an Application Form with the CREST deposit form duly completed whether in respect of a deposit into the account of the Qualifying Shareholder named in the Application Form or into the name of another person, shall constitute a representation and warranty to the Company and the Registrar by the relevant CREST member(s) that it/they is/are not in breach of the provisions of the notes under the paragraph headed "Instructions for Depositing entitlements under the Open Offer into CREST" on page 2 of the Application Form, and a declaration to the Company and the Receiving Agent from the relevant CREST member(s) that it/they is/are not citizen(s) or resident(s) of the United States, Australia, Canada, Japan or the Republic of South Africa and, where such deposit is made by a beneficiary of a market claim, a representation and warranty that the relevant CREST member(s) is/are entitled to apply under the Open Offer (including the Excess Application Facility) by virtue of a *bona fide* market claim.

(h) Validity of application

A USE instruction complying with the requirements as to authentication and contents set out above which settles by no later than 11.00 a.m. on 4 August 2017 will constitute a valid application under the Open Offer.

(i) CREST procedures and timings

CREST members and (where applicable) their CREST sponsors should note that Euroclear

does not make available special procedures, in CREST, for any particular corporate action.

Normal system timings and limitations will therefore apply in relation to the input of a USE instruction and its settlement in connection with the Open Offer (including the Excess Application Facility). It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST sponsored member, to procure that his CREST sponsor takes) such action as shall be necessary to ensure that a valid application is made as stated above by 11.00 a.m. on 4 August 2017. In this connection CREST members and (where applicable) their CREST sponsors are referred in particular to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

(j) Incorrect or incomplete applications

If a USE instruction includes a CREST payment for an incorrect sum, the Company through the Receiving Agent reserves the right:

- (i) to reject the application in full and refund the payment to the CREST member in question (without interest);
- (ii) in the case that an insufficient sum is paid, to treat the application as a valid application for such lesser whole number of Open Offer Shares as would be able to be applied for with that payment at the Issue Price, refunding any unutilised sum to the CREST member in question (without interest); and
- (iii) in the case that an excess sum is paid, to treat the application as a valid application for all the Open Offer Shares referred to in the USE instruction refunding any unutilised sum to the CREST member in question (without interest).

(k) Effect of Valid Application

A CREST member who makes or is treated as making a valid application in accordance with the above procedures will thereby:

- (i) give the representations, warranties, covenants, agreements and acknowledgments set out in Schedule 1;
- (ii) pay the amount payable on application in accordance with the above procedures by means of a CREST payment in accordance with the CREST payment arrangements (it being acknowledged that the payment to the Registrars payment bank in accordance with the CREST payment arrangements shall, to the extent of the payment, discharge in full the obligation of the CREST member to pay to the Company the amount payable on application); and
- (iii) request that the Open Offer Shares to which he will become entitled be issued to him on the terms set out in this document and subject to the Memorandum of Association and Articles of the Company.

(l) Company's discretion as to the rejection and validity of applications

The Company may in its sole discretion:

- (i) treat as valid (and binding on the CREST member concerned) an application which does not comply in all respects with the requirements as to validity set out or referred to in this Part 3;
- (ii) accept an alternative properly authenticated dematerialised instruction from a CREST member or (where applicable) a CREST sponsor as constituting a valid application in substitution for or in addition to a USE instruction and subject to such further terms and conditions as the Company may determine;
- (iii) treat a properly authenticated dematerialised instruction (in this sub-paragraph the "first instruction") as not constituting a valid application if, at the time at which the Registrar receives a properly authenticated dematerialised instruction giving details of the first instruction or thereafter, either the Company or the Registrar have received

actual notice from Euroclear of any of the matters specified in Regulation 35(5)(a) in relation to the first instruction. These matters include notice that any information contained in the first instruction was incorrect or notice of lack of authority to send the first instruction; and

- (iv) accept an alternative instruction or notification from a CREST member or CREST sponsored member or (where applicable) a CREST sponsor, or extend the time for settlement of a USE instruction or any alternative instruction or notification, in the event that, for reasons or due to circumstances outside the control of any CREST member or CREST sponsored member or (where applicable) CREST sponsor, the CREST member or CREST sponsored member is unable validly to apply for Open Offer Shares by means of the above procedures. In normal circumstances, this discretion is only likely to be exercised in the event of any interruption, failure or breakdown of CREST (or any part of CREST) or on the part of the facilities and/or systems operated by the Registrar in connection with CREST.

5. MONEY LAUNDERING REGULATIONS

(i) Holders of Application Forms

To ensure compliance with the Money Laundering Regulations, the Receiving Agent may require, at its absolute discretion, verification of the identity of the person by whom or on whose behalf the Application Form is lodged with payment (which requirements are referred to below as the “verification of identity requirements”). If the Application Form is submitted by a UK regulated broker or intermediary acting as agent and which is itself subject to the Money Laundering Regulations, any verification of identity requirements are the responsibility of such broker or intermediary and not of the Receiving Agent. In such case, the lodging agent’s stamp should be inserted on the Application Form.

The person lodging the Application Form with payment and in accordance with the other terms as described above (the “acceptor”), including any person who appears to the Receiving Agent to be acting on behalf of some other person, accepts the Open Offer in respect of such number of Open Offer Shares as is referred to therein (for the purposes of this paragraph 5, the “relevant Open Offer Shares”) and shall thereby be deemed to agree to provide the Receiving Agent with such information and other evidence as the Receiving Agent may require to satisfy the verification of identity requirements.

If the Receiving Agent determines that the verification of identity requirements apply to any acceptor or application, the relevant Open Offer Shares (notwithstanding any other term of the Open Offer) will not be issued to the relevant acceptor unless and until the verification of identity requirements have been satisfied in respect of that acceptor or application. The Receiving Agent is entitled, in its absolute discretion, to determine whether the verification of identity requirements apply to any acceptor or application and whether such requirements have been satisfied, and neither the Receiving Agent nor the Company will be liable to any person for any loss or damage suffered or incurred (or alleged), directly or indirectly, as a result of the exercise of such discretion.

If the verification of identity requirements apply, failure to provide the necessary evidence of identity and address within a reasonable time may result in delays in the despatch of share certificates or in crediting CREST accounts. If, within a reasonable time following a request for verification of identity, the Receiving Agent has not received evidence satisfactory to it as aforesaid, the Company may, in its absolute discretion, treat the relevant application as invalid, in which event the monies payable on acceptance of the Open Offer will be returned (at the acceptor’s risk) without interest to the account of the bank or building society on which the relevant cheque or banker’s draft was drawn.

Submission of an Application Form with the appropriate remittance will constitute a warranty to each of the Receiving Agent and the Company from the applicant that the Money Laundering Regulations will not be breached by application of such remittance.

The verification of identity requirements will not usually apply:

- (a) if the applicant is an organisation required to comply with the Money Laundering Directive (2005/60/EC of the European Parliament and of the EC Council of 26 October 2005 on the prevention of the use of the financial system for the purpose of money laundering and terrorist financing); or
- (b) if the acceptor is a regulated UK broker or intermediary acting as agent and is itself subject to the Money Laundering Regulations; or
- (c) if the applicant (not being an applicant who delivers his application in person) makes payment by way of a cheque drawn on an account in the applicant's name.

In other cases the verification of identity requirements may apply. Satisfaction of these requirements may be facilitated in the following ways:

- (A) if payment is made by cheque or banker's draft in sterling drawn on a branch in the British Isles of a bank or building society which bears a UK bank sort code number in the top right hand corner, the following applies. Cheques should be made payable to "*Capita Registrars Limited re: Tower Resources Plc – Open Offer 2017*" in respect of an application by a Qualifying Shareholder and crossed "A/C Payee Only" in each case. Third party cheques will not be accepted with the exception of building society cheques or bankers' drafts where the building society or bank has confirmed the name of the account holder by stamping or endorsing the back of the cheque/bankers' draft to such effect. The account name should be the same as that shown on the Application Form; or
- (B) if the Application Form is lodged with payment by an agent which is an organisation of the kind referred to in paragraph 5(i)(a) above or which is subject to anti-money laundering regulation in a country which is a member of the Financial Action Task Force (the non-European Union members of which are Argentina, Australia, Brazil, Canada, China, Gibraltar, Hong Kong, Iceland, Japan, Mexico, New Zealand, Norway, the Russian Federation, Singapore, The Republic of South Africa, Switzerland, Turkey, UK Crown Dependencies and the US and, by virtue of their membership of the Gulf Cooperation Council, Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and the United Arab Emirates), the agent should provide with the Application Form, written confirmation that it has that status and a written assurance that it has obtained and recorded evidence of the identity of the person for whom it acts and that it will on demand make such evidence available to the Receiving Agent. If the agent is not such an organisation, it should contact the Receiving Agent by post to Capita Asset Services, Corporate Actions, The Registry, 34 Beckenham Road, Beckenham, Kent, BR3 4TU (during normal business hours only) or by telephone (telephone number 0371 664 0321. Calls are charged at the standard geographic rate and will vary by provider. Calls outside the United Kingdom will be charged at the applicable international rate. The helpline is open between 9.00 a.m. – 5.30 p.m., Monday to Friday excluding public holidays in England and Wales. Please note that Capita Asset Services cannot provide any financial, legal or tax advice and calls may be recorded and monitored for security and training purposes.

To confirm the acceptability of any written assurance referred to in paragraph 5(i)(B) above, or in any other case, the acceptor should contact the Receiving Agent on 0371 664 0321. Calls are charged at the standard geographic rate and will vary by provider. Calls outside the United Kingdom will be charged at the applicable international rate. The helpline is open between 9.00 a.m. – 5.30 p.m., Monday to Friday excluding public holidays in England and Wales. Please note that Capita Asset Services cannot provide any financial, legal or tax advice and calls may be recorded and monitored for security and training purposes.

If the Application Form(s) is/are in respect of Open Offer Shares with an aggregate subscription price of €15,000 (approximately £13,290) or more and is/are lodged by hand by the acceptor in person, or if the Application Form(s) in respect of Open Offer Shares is/are lodged by hand by the acceptor and the accompanying payment is not the acceptor's own cheque, he should ensure that he has with him evidence of identity bearing his photograph (for example, his passport) and separate evidence of his address.

If, within a reasonable period of time following a request for verification of identity, and in any case

by no later than 11.00 a.m. on 4 August 2017, the Receiving Agent has not received evidence satisfactory to it as aforesaid, the Receiving Agent may, at its discretion, as agent of the Company, reject the relevant application, in which event the monies submitted in respect of that application will be returned without interest to the applicant (without prejudice to the rights of the Company to undertake proceedings to recover monies in respect of the loss suffered by it as a result of the failure to produce satisfactory evidence as aforesaid).

(ii) **CREST Entitlements in CREST**

If you hold your CREST Entitlements in CREST and apply for Open Offer Shares in respect of all, some or more than your CREST Entitlements as agent for one or more persons and you are not a UK or EU regulated person or institution (e.g. a UK financial institution), then, irrespective of the value of the application, the Receiving Agent is obliged to take reasonable measures to establish the identity of the person or persons on whose behalf you are making the application. You must therefore contact the Receiving Agent before sending any USE or other instruction so that appropriate measures may be taken.

Submission of a USE instruction which on its settlement constitutes a valid application as described above constitutes a warranty and undertaking by the applicant to provide promptly to the Receiving Agent such information as may be specified by the Receiving Agent as being required for the purposes of the Money Laundering Regulations. Pending the provision of evidence satisfactory to the Receiving Agent as to identity, the Receiving Agent may in its absolute discretion take, or omit to take, such action as it may determine to prevent or delay issue of the Open Offer Shares concerned. If satisfactory evidence of identity has not been provided within a reasonable time, then the application for the Open Offer Shares represented by the USE instruction will not be valid. This is without prejudice to the right of the Company to take proceedings to recover any loss suffered by it as a result of failure to provide satisfactory evidence.

6. TAXATION

The following summary is intended as a general guide for United Kingdom tax resident individuals and companies who hold Ordinary Shares as investments (rather than as dealing stock). Special rules apply to UK resident individuals who are not domiciled in the United Kingdom; those rules are not described in this summary. The summary is based upon existing legislation and current HM Revenue & Customs published practice, both of which are subject to change at any time, possibly with retrospective effect. Any person who is in any doubt as to his tax position, whether in the United Kingdom or in any other jurisdiction in which he may be liable to tax, should consult, and rely upon, the advice of his own professional adviser.

These statements do not apply to certain classes of shareholders, such as dealers in securities, or to shareholders who are not absolute beneficial owners of their Ordinary Shares.

Shareholders who are in any doubt as to their tax position, or who are subject to tax in any other jurisdiction, should consult their independent professional adviser immediately.

The statements below do not constitute advice to any person.

(a) **Tax residence of the Company**

The Company was incorporated in England and Wales and is considered as being managed and controlled in the UK. Accordingly, it should be treated as being resident in the UK for UK tax purposes.

(b) **Taxation of Dividends**

(i) **Individuals**

A UK resident individual shareholder will be entitled to an effective exemption (called the “**dividend nil rate**”) for the first £5,000 of all dividends received (including dividends received from any other share investments in the same tax year) by that shareholder. The allowance exempts the first £5,000 of a UK resident individual shareholder’s dividend income received in a tax year, but does not reduce the total taxable income. Note that the UK government had announced its

intention for the dividend allowance to be reduced to £2,000 from April 2018 but this was not included in the Finance Act 2017.

For dividends received in excess of the dividend nil rate threshold, a UK resident individual shareholder who is liable to income tax at the basic rate will be subject to tax on the dividend at the rate of 7.5 per cent. of the gross dividend. UK tax resident individual shareholders who are subject to income tax at the higher rate and the additional rate will have to account for additional income tax. The special rate of income tax set for higher rate tax payers who receive dividends is 32.5 per cent. and for the additional rate taxpayers is 38.1 per cent.

In determining what tax rates apply to a UK tax resident individual shareholder, dividend income is treated as the top slice of income.

A shareholder who is not liable to income tax on the dividend (or any part of it) is not able to claim repayment of the tax credit (or part of it) in cash from HMRC.

(ii) **Companies**

Qualifying Shareholders which are within the charge to United Kingdom corporation tax will be subject to corporation tax on dividends paid by the Company, unless (subject to special rules for such Shareholders that are small companies) the dividends fall within an exempt class and unless other conditions are met. It is expected that most dividends paid on Ordinary Shares to UK resident corporate Shareholders would fall within one or more exempt class. However, it should be noted that the exemptions are not comprehensive and are subject to anti-avoidance rules.

(iii) **Withholding Tax**

Under current UK tax legislation, no UK tax is withheld from dividends paid by the Company.

(c) **Capital Gains Tax**

The published practice of HMRC to date has been to treat an acquisition of shares by an existing shareholder up to its pro rata entitlement pursuant to the terms of an open offer as a reorganisation but it is understood that HMRC may not apply this practice in circumstances where an open offer is not made to all shareholders.

To the extent that the acquisition of Open Offer Shares under the Open Offer is regarded as reorganisation, the Open Offer Shares acquired by each Qualifying Shareholder under the Open Offer and the Existing Ordinary Shares in respect of which they are issued will, for the purposes of UK taxation of chargeable gains, be treated as the same asset and as having been acquired at the same time. The amount paid for the Open Offer Shares will be added to the base cost of the Existing Ordinary Shares when computing any gain or loss on any subsequent disposal.

If the acquisition of Open Offer Shares by Qualifying Shareholders up to their pro rata entitlement pursuant to the Open Offer is not regarded as a reorganisation, those Open Offer Shares would, for the purposes of UK taxation of chargeable gains, be treated as acquired as part of a separate acquisition of Ordinary Shares, but, on the assumption the new shares are acquired under a bargain at arm's length in most circumstances there should be no practical difference to the tax consequences for an individual shareholder.

Open Offer Shares acquired by Qualifying Shareholders in excess of their pro rata entitlement should in any event be treated as acquired as part of a separate acquisition of Ordinary Shares.

(d) **Stamp Duty**

No UK stamp duty should be payable on the issue by the Company of any Open Offer Shares.

7. OVERSEAS SHAREHOLDERS

The making of the Open Offer to persons resident in, or who are citizens of, or who have a registered address in, countries other than the UK may be affected by the law or regulatory requirements of the relevant jurisdiction. The comments set out in this paragraph 7 are intended as a general guide only and any Overseas Shareholders who are in any doubt as to their position should consult their professional

advisers without delay.

(i) **General**

The distribution of this document and, where appropriate, the Application Form and the making of the Open Offer to persons who have registered addresses in, or who are resident or ordinarily resident in, or citizens of, or which are corporations, partnerships or other entities created or organised under the laws of countries other than the UK or to persons who are nominees of or custodians, trustees or guardians for citizens, residents in or nationals of, countries other than the UK may be affected by the laws or regulatory requirements of the relevant jurisdictions. Those persons should consult their professional advisers as to whether they require any governmental or other consents or need to observe any applicable legal requirement or other formalities to enable them to apply for Open Offer Shares under the Open Offer.

No action has been or will be taken by the Company or any other person to permit a public offering or distribution of this document (or any other offering or publicity materials or application form(s) relating to the Open Offer Shares) in any jurisdiction where action for that purpose may be required.

Receipt of this document and/or an Application Form and/or a credit of CREST Entitlements to a stock account in CREST will not constitute an invitation or offer of securities for subscription, sale or purchase in any jurisdiction in which it may be illegal to make such an invitation or offer including, without limitation, and subject to certain exemptions, the United States, Canada, the Republic of South Africa, Australia or Japan (each, a “**Restricted Jurisdiction**”) and, in those circumstances, and subject to certain exemptions, this document and/or the Application Form must be treated as sent for information purposes only and should not be copied or redistributed. This document and/or the Application Form must not be copied or redistributed in the Republic of Ireland.

Due to restrictions under the securities laws of the Restricted Jurisdictions and certain commercial considerations, Application Forms will not be sent to, and CREST Entitlements will not be credited to stock accounts in CREST of, Overseas Shareholders who are resident in, or who are citizens of, or who have a registered address in, a Restricted Jurisdiction, or their agents or intermediaries, except where the Company is satisfied, at its sole and absolute discretion, that such action would not result in the contravention of any registration or other legal requirement in the relevant jurisdiction.

No person receiving a copy of this document and/or an Application Form and/or a credit of CREST Entitlements to a stock account in CREST in any territory other than the UK may treat the same as constituting an invitation or offer to him, nor should he in any event use any such Application Form and/or credit of CREST Entitlements to a stock account in CREST unless, in the relevant territory, such an invitation or offer could lawfully be made to him and such Application Form and/or credit of CREST Entitlements to a stock account in CREST could lawfully be used, and any transaction resulting from such use could be effected, without contravention of any registration or other legal or regulatory requirements. In circumstances where an invitation or offer would contravene any registration or other legal or regulatory requirements, this document and/or the Application Form must be treated as sent for information purposes only and should not be copied or redistributed.

It is the responsibility of any person (including, without limitation, custodians, agents, nominees and trustees) outside the UK wishing to apply for Open Offer Shares under the Open Offer to satisfy himself as to the full observance of the laws of any relevant territory in connection therewith, including obtaining any governmental or other consents that may be required, observing any other formalities required to be observed in such territory and paying any issue, transfer or other taxes due in such territory.

None of the Company nor any of its representatives is making any representation to any offeree or purchaser of Open Offer Shares regarding the legality of an investment in the Open Offer Shares by such offeree or purchaser under the laws applicable to such offeree or purchaser.

Persons (including, without limitation, custodians, agents, nominees and trustees) receiving a copy of this document and/or an Application Form and/or a credit of CREST Entitlements to a stock

account in CREST, in connection with the Open Offer or otherwise, should not distribute or send either of those documents nor transfer Entitlements in or into any jurisdiction where to do so would or might contravene local securities laws or regulations. If a copy of this document and/or an Application Form and/or a credit of CREST Entitlements to a stock account in CREST is received by any person in any such territory, or by his custodian, agent, nominee or trustee, he must not seek to apply for Open Offer Shares unless the Company determines that such action would not violate applicable legal or regulatory requirements. Any person (including, without limitation, custodians, agents, nominees and trustees) who does forward a copy of this document and/or an Application Form and/or transfers CREST Entitlements into any such territory, whether pursuant to a contractual or legal obligation or otherwise, should draw the attention of the recipient to the contents of this Part 3 (Terms and conditions of the Open Offer) and specifically the contents of this paragraph 7.

Subject to paragraphs 7(ii) to 7(vii) below, any person (including, without limitation, custodians, agents, nominees and trustees) outside the UK wishing to apply for Open Offer Shares must satisfy himself as to the full observance of the applicable laws of any relevant territory, including obtaining any requisite governmental or other consents, observing any other requisite formalities and pay any issue, transfer or other taxes due in such territories.

The Company reserves the right to treat as invalid any application or purported application for Open Offer Shares that appears to the Company or its agents to have been executed, effected or despatched by an Overseas Shareholder who is resident in, or who is a citizen of, or who has a registered address in, a Restricted Jurisdiction or on behalf of such a person by their agent or intermediary or in a manner that may involve a breach of the laws or regulations of any jurisdiction or if the Company or its agents believe that the same may violate applicable legal or regulatory requirements or if it provides an address for delivery of the share certificate(s) for Open Offer Shares or, in the case of a credit of CREST Entitlements to a stock account in CREST, to a CREST member whose registered address would be, in a Restricted Jurisdiction or any other jurisdiction outside the UK in which it would be unlawful to deliver such share certificate(s) or make such a credit.

The attention of Overseas Shareholders is drawn to paragraphs 7(ii) to 7(vii) below. Notwithstanding any other provision of this document or the Application Form, the Company reserves the right to permit any Qualifying Shareholder who is resident in, or who is a citizen of, or who has a registered address in, a Restricted Jurisdiction to apply for Open Offer Shares if the Company, in its sole and absolute discretion, is satisfied that the transaction in question is exempt from, or not subject to, the legislation or regulations giving rise to the restrictions in question.

Overseas Shareholders who wish, and are permitted, to apply for Open Offer Shares should note that payment must be made in sterling denominated cheques or bankers' drafts or where such an Overseas Shareholder is a Qualifying CREST Holder, through CREST.

Due to restrictions under the securities laws of the Restricted Jurisdictions, subject to certain exceptions, Overseas Shareholders who are resident in, or who are citizens of, or who have a registered address in, a Restricted Jurisdiction will not qualify to participate in the Open Offer and will not be sent an Application Form nor will their stock accounts in CREST be credited with CREST Entitlements.

The Open Offer Shares have not been and will not be registered under the relevant laws of any Restricted Jurisdiction or the Republic of Ireland or any state, province or territory thereof and may not be offered, sold, resold, transferred, delivered or distributed, directly or indirectly, in or into any Restricted Jurisdiction or to, or for the account or benefit of, any person with a registered address in, or who is resident or ordinarily resident in, or a citizen of, any Restricted Jurisdiction except pursuant to an applicable exemption.

No public offer of Open Offer Shares is being made by virtue of this document or the Application Form into any Restricted Jurisdiction or the Republic of Ireland. Receipt of this document and/or an Application Form and/or a credit of CREST Entitlements to a stock account in CREST will not constitute an invitation or offer of securities for subscription, sale or purchase in those jurisdictions in which it may be illegal to make such an invitation or offer and, in those circumstances, this

document and/or the Application Form must be treated as sent for information purposes only and should not be copied or redistributed.

(ii) **United States**

Subject to certain exceptions, this document is intended for use only in connection with offers of Open Offer Shares outside the United States and neither this document nor any Application Form is to be sent or given to any person within the United States. The Open Offer Shares offered hereby are not being and will not be registered under the US Securities Act or securities laws of any US state or jurisdiction and will not be offered or sold within the United States.

The Open Offer Shares will be distributed, offered or sold, as the case may be, outside the United States in offshore transactions within the meaning of, and in accordance with, Regulation S under the US Securities Act.

Each person to which the Open Offer Shares are distributed, offered or sold outside the United States will be deemed by its subscription for the Open Offer Shares to have represented and agreed, on its behalf and on behalf of any investor accounts for which it is subscribing the Open Offer Shares, as the case may be, that:

- (a) it is acquiring the Open Offer Shares from the Company in an “offshore transaction” as defined in Regulation S under the US Securities Act; and
- (b) the Open Offer Shares have not been offered to it by the Company by means of any “directed selling efforts” as defined in Regulation S under the US Securities Act.

Each subscriber acknowledges that the Company will rely upon the truth and accuracy of the foregoing representations and agreements, and agrees that if any of the representations and agreements deemed to have been made by such subscriber or purchaser by its subscription for the Open Offer Shares, as the case may be, are no longer accurate, it shall promptly notify the Company. If such subscriber is subscribing for the Open Offer Shares as a fiduciary or agent for one or more investor accounts, each subscriber or purchaser represents that it has sole investment discretion with respect to each such account and full power to make the foregoing representations and agreements on behalf of each such account.

Each subscriber acknowledges that it will not resell the Open Offer Shares without registration or an available exemption or safe harbour from registration under the US Securities Act, if required.

(iii) **Canada**

This document is not, and is not to be construed as, a prospectus, an advertisement or a public offering of securities in Canada. No securities commission or similar regulatory authority in Canada has reviewed or in any way passed upon this document or the merits of the Open Offer Shares, and any representation to the contrary is an offence.

In addition, the relevant exemptions are not being obtained from the appropriate provincial authorities in Canada. Accordingly, the Open Offer Shares are not being offered for subscription by persons resident in Canada or any territory or possessions thereof. Applications from any Canadian Person who appears to be or whom the Company has reason to believe to be so resident or the agent of any person so resident will be deemed to be invalid. Neither this document nor an Application Form will be sent to and no CREST Entitlements will be credited to a stock account in CREST of any Shareholder in the Company whose registered address is in Canada. If any Application Form is received by any Shareholder in the Company whose registered address is elsewhere but who is, in fact, a Canadian Person or the agent of a Canadian Person so resident, he should not apply under the Open Offer.

For the purposes of this paragraph 7(iii), “Canadian Person” means a citizen or resident of Canada, including the estate of any such person or any corporation, partnership or other entity created or organised under the laws of Canada or any political sub-division thereof.

(iv) **Other Restricted Jurisdictions**

The Open Offer Shares have not been and will not be registered under the relevant laws of any Restricted Jurisdiction or any state, province or territory thereof and may not be offered, sold,

resold, delivered or distributed, directly or indirectly, in or into any Restricted Jurisdiction or to, or for the account or benefit of, any person with a registered address in, or who is resident or ordinarily resident in, or a citizen of, any Restricted Jurisdiction except pursuant to an applicable exemption.

No offer of Open Offer Shares is being made by virtue of this document or the Application Forms into any Restricted Jurisdiction.

(v) **Other overseas territories**

Application Forms will be sent to Qualifying Ordinary Shareholders and CREST Entitlements will be credited to the stock account in CREST of Qualifying CREST Holders. Qualifying Shareholders in jurisdictions other than the Restricted Jurisdictions may, subject to the laws of their relevant jurisdiction, take up Open Offer Shares under the Open Offer in accordance with the instructions set out in this document and the Application Form. Such Qualifying Shareholders who have registered addresses in, or who are resident or ordinarily resident in, or citizens of, countries other than the UK should, however, consult appropriate professional advisers as to whether they require any governmental or other consents or need to observe any further formalities to enable them to apply for any Open Offer Shares. The participation by any such Qualifying Shareholder in the Open Offer will be at the absolute discretion of the Company.

(vi) **Representations and warranties relating to Overseas Shareholders**

(a) ***Qualifying Ordinary Shareholders***

Any person completing and returning an Application Form or requesting registration of the Open Offer Shares comprised therein represents and warrants to the Company, and the Receiving Agent that, except where proof has been provided to the Company's satisfaction that such person's use of the Application Form will not result in the contravention of any applicable legal requirements in any jurisdiction: (i) such person is not requesting registration of the relevant Open Offer Shares from within any Restricted Jurisdiction (or the Republic of Ireland); (ii) such person is not in any territory in which it is unlawful to make or accept an offer to acquire Open Offer Shares or to use the Application Form in any manner in which such person has used or will use it; (iii) such person is not acting on a non-discretionary basis for a person located within any Restricted Jurisdiction (or the Republic of Ireland) or any territory referred to in (ii) above at the time the instruction to accept was given; and (iv) such person is not acquiring Open Offer Shares with a view to the offer, sale, resale, transfer, delivery or distribution, directly or indirectly, of any such Open Offer Shares into any of the above territories.

The Company and/or the Receiving Agent may treat as invalid any acceptance or purported acceptance of the allotment of Open Offer Shares comprised in an Application Form if it:

(i) appears to the Company or its agents to have been executed, effected or despatched from a Restricted Jurisdiction or in a manner that may involve a breach of the laws or regulations of any jurisdiction or if the Company or its agents believe that the same may violate applicable legal or regulatory requirements; or (ii) provides an address in a Restricted Jurisdiction for delivery of the share certificate(s) of Open Offer Shares (or any other jurisdiction outside the UK in which it would be unlawful to deliver such share certificates); or (iii) purports to exclude the representation and warranty required by this sub-paragraph 7(vi)(a).

(b) ***Qualifying CREST Holders***

A CREST member or CREST sponsored member who makes a valid acceptance in accordance with the procedures set out in this Part 3 (Terms and conditions of the Open Offer) represents and warrants to the Company that, except where proof has been provided to the Company's satisfaction that such person's acceptance will not result in the contravention of any applicable legal requirement in any jurisdiction: (i) neither it nor its client is within any Restricted Jurisdiction; (ii) neither it nor its client is in any territory in which it is unlawful to make or accept an offer to acquire Open Offer Shares; (iii) it is not accepting on a non-discretionary basis for a person located within any Restricted Jurisdiction

or any territory referred to in (ii) above at the time the instruction to accept was given; and (iv) neither it nor its client is acquiring any Open Offer Shares with a view to the offer, sale, resale, transfer, delivery or distribution, directly or indirectly, of any such Open Offer Shares into any of the above territories.

(vii) **Waiver**

The provisions of this paragraph 7 and of any other terms of the Open Offer relating to Overseas Shareholders may be waived, varied or modified as regards specific Shareholders or on a general basis by the Company, in its absolute discretion. Subject to this, the provisions of this paragraph 7 supersede any terms of the Open Offer inconsistent herewith. References in this paragraph 7 to Shareholders shall include references to the person or persons executing an Application Form and, in the event of more than one person executing an Application Form, the provisions of this paragraph 7 shall apply to them jointly and to each of them.

8. ADMISSION AND SETTLEMENT

The results of the Open Offer are expected to be announced on 7 August 2017. Application will be made to AIM for Admission of the Open Offer Shares. It is expected that Admission will become effective on 11 August 2017.

The Existing Ordinary Shares are already admitted to CREST and application will be made for Open Offer Shares to be admitted to CREST. All such Ordinary Shares, when issued and fully paid, may be held and transferred by means of CREST.

The CREST Entitlements held in CREST are expected to be disabled in all respects after 11.00 a.m. on 4 August 2017 (being the latest practicable date for applications under the Open Offer). If the conditions to the Open Offer described above are satisfied, the Open Offer Shares will be issued in uncertificated form to those persons who submitted a valid application for the Open Offer Shares by utilising the CREST application procedures and whose applications have been accepted by the Company. On 11 August 2017, the Receiving Agent will instruct Euroclear to credit the appropriate stock accounts of such persons with such persons' entitlements to Open Offer Shares with effect from Admission (expected to be on 11 August 2017). The stock accounts to be credited will be accounts under the same CREST Participant IDs and CREST Member Account IDs in respect of which the USE instruction was given.

Notwithstanding any other provision of this document, the Company reserves the right to send Qualifying CREST Holders an Application Form instead of crediting the relevant stock account with CREST Entitlements and to allot and/or issue any Open Offer Shares in certificated form. In normal circumstances, this right is only likely to be exercised in the event of any interruption, failure or breakdown of CREST (or of any part of CREST) or on the part of the facilities and/or systems operated by the Receiving Agent in connection with CREST.

For Qualifying Ordinary Shareholders who have applied by using an Application Form, share certificates in respect of the Open Offer Shares validly applied for are expected to be despatched by post on or around 18 August 2017. No temporary documents of title will be issued and, pending the issue of definitive certificates, transfers will be certified against the register of members of the Company. All documents or remittances sent by or to applicants, or as they may direct, will be sent through the post at their own risk. For more information as to the procedure for application, Qualifying Ordinary Shareholders are referred to in paragraph 4(i)(d) of this Part 3, and the Application Form.

The result of the Open Offer will be announced and made public through an announcement on a Regulatory Information Service as soon as reasonably practicable after the results are known.

9. TIMES AND DATES

The Company shall, in its discretion, and after consultation with its financial and legal advisers, be entitled to amend the dates on which Application Forms are despatched or amend or extend the latest date for acceptance under the Open Offer and all related dates set out in this document and in such circumstances shall make an announcement on a Regulatory Information Service.

If a supplementary circular is published by the Company two or fewer business days prior to the latest time and date for acceptance and payment in full under the Open Offer specified in this document, the latest

date for acceptance under the Open Offer shall be extended to the date that is at least three business days after the date of publication of the supplementary circular (and the dates and times of principal events due to take place following such date shall be extended accordingly).

10. GOVERNING LAW AND JURISDICTION

The terms and conditions of the Open Offer as set out in this document, the Application Form and any non-contractual obligation related thereto shall be governed by, and construed in accordance with, the laws of England. The courts of England are to have exclusive jurisdiction to settle any dispute which may arise out of or in connection with the Open Offer, this document or the Application Form including, without limitation, disputes relating to any non-contractual obligations arising out of or in connection with the Open Offer, this document or the Application Form. By taking up Open Offer Shares under the Open Offer in accordance with the instructions set out in this document and, where applicable, the Application Form, Qualifying Shareholders irrevocably submit to the jurisdiction of the courts of England and waive any objection to proceedings in any such court on the ground of venue or on the ground that proceedings have been brought in an inconvenient forum.

Notes:

- 1 As a holder of ordinary shares in the Company you are entitled to appoint a proxy to exercise all or any of your rights to attend, speak and vote at a general meeting of the Company. A proxy need not be a member of the Company.
- 2 In the case of joint holders, the vote of the person first named in the register of members tendering a vote will be accepted to the exclusion of the votes of the other joint holders.
- 3 In the case of a corporation, the form of proxy must be expressed to be executed by the corporation and must be executed under its common seal, or signed on its behalf by a duly authorised attorney or duly authorised officer of the corporation.
- 4 To be valid, the form of proxy and any power of attorney or other authority under which it is signed or a notarially certified copy of such power or authority must be deposited with Capita Asset Services, PXS 1, 34 Beckenham Road, Beckenham, Kent, BR3 4TU in accordance with the instructions printed thereon so as to be received not less than 48 hours (excluding any part of the day that is not a business day) before the time of the meeting or any adjournment thereof, alternatively you may submit your proxy electronically using The Share Portal service at www.signalsshares.com, which must be received not less than 48 hours (excluding any part of the day that is not a business day) before the time of the Meeting, or any adjournment thereof.
- 5 The completion and return of a proxy card will not affect the right of a member to attend, speak and vote in person at the meeting convened by this notice, however, if you have appointed a proxy and attend the Meeting in person, your proxy will automatically be terminated.
- 6 You may appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares. You may not appoint more than one proxy to exercise rights attached to any one share.
- 7 If you submit more than one valid proxy appointment, the appointment received last before the latest time for the receipt of proxies will take precedence.
- 8 To direct your proxy how to vote on the resolutions mark the appropriate box with an "X". To abstain from voting on a resolution, select the relevant "withheld" box. A vote withheld is not a vote in law, which means that the vote will not be counted in the calculation of votes for or against the resolution. If no voting indication is given, your proxy will vote or abstain from voting at his or her discretion. Your proxy will vote (or abstain from voting) as he or she thinks fit in relation to any other matter which is put before the Meeting.
- 9 Pursuant to regulation 41 of The Uncertificated Securities Regulations 2001, members will be entitled to attend and vote at the meeting if they are registered on the Company's register of members 48 hours (excluding any part of a day that is not a business day) before the time appointed for the meeting or any adjournment thereof. Changes to the register of members after the relevant deadline shall be disregarded in determining the rights of any person to attend and vote at the Meeting.
- 10 CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "**CREST Proxy Instruction**") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's specifications, and must contain the information required) for such instruction, as described in the CREST Manual (available via www.euroclear.com/CREST). The message, regardless of whether it constitutes the appointment of a proxy or is an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent. For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST Application Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors, or voting service providers should note that Euroclear UK & Ireland Limited does not make available special procedures in CREST for any particular message. Normal system timings and limitations will, therefore, apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member, or sponsored member, or has appointed a voting service provider, to procure that his CREST sponsor or voting system provider(s) take(s)) such action as shall be necessary to ensure that message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting system providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

- 11 To change your proxy instructions simply submit a new proxy appointment using the methods set out above. Note that the cut-off time for receipt of proxy appointments (see above) also apply in relation to amended instructions; any amended proxy appointment received after the relevant cut-off time will be disregarded.
Where you have appointed a proxy using the hard-copy proxy form and would like to change the instructions using another hard-copy proxy form, please contact Capita Asset Services.

12 In order to revoke a proxy instruction you will need to inform the Company using one of the following methods:

By sending a signed hard copy notice clearly stating your intention to revoke your proxy appointment to Capita Asset Services. In the case of a member which is a company, the revocation notice must be executed under its common seal or signed on its behalf by an officer of the company or an attorney for the company. Any power of attorney or any other authority under which the revocation notice is signed (or a duly certified copy of such power or authority) must be included with the revocation notice.

In either case, the revocation notice must be received by Capita Asset Services no later than 48 hours (excluding non- business days) prior to the Meeting.

If you attempt to revoke your proxy appointment but the revocation is received after the time specified then, subject to the paragraph directly below, your proxy appointment will remain valid.

Appointment of a proxy does not preclude you from attending the Meeting and voting in person. If you have appointed a proxy and attend the Meeting in person, your proxy appointment will automatically be terminated.
